

Valley Christian Alumna Kenna on Verge of Debut Single, Album

By Loren Kopff

For three years at Valley Christian High School, Kenna was primarily known for being a varsity member of the girls basketball

team. But she also had another talent that she has used to her benefit and now it's paying big dividends.

Kenna is set to debut her first self-titled album, "Kenna", later this year. But her first single, "Do You Love Me", is slated to be released in late May or early June. All of this is coming less than a year since Kenna graduated from V.C.

"I've always loved music; music has been a big part of my life since I was young," Kenna said. "I've been singing for a very long time, since I can remember. I started vocal lessons my sophomore year and that's when I met Tim."

She is referring to Tim Carter, who is basically a jack of all trades in Kenna's new up and coming career. He is, among other things, her vocal coach, producer and manager. When Kenna was a junior and while she was taking vocal lessons from Carter, he asked what she was going to do. At the time, Kenna didn't know what her plans were but decided to pursue a music project.

Kenna, who had played basketball since the age of five, began her interest in music at the same time. But her life began to go in many directions shortly after graduating from Valley Christian Middle School. That's when she transferred to the Renaissance Performing Arts School in Long Beach where she stayed less than a month because her father, who began having brain aneurysms while she was in middle school, passed away. It was at that point that Kenna transferred back to V.C. to be closer to her older sister, Vanna. She also wanted that Christian foundation that V.C. offered.

Kenna was also going through a rebellious stage in her early teen years because of the trials she was facing at home. Before her father passed away, her parents were going through a separation and she wasn't

ARTESIA AND OPERATION CLEAN SLATE UNVEIL MURAL

A very special mural was unveiled this past Tuesday afternoon at the Artesia Parks and Recreation Department located at the Teen Center at AJ Padelford Community Center.

The mural is a collaborative effort between the city and residents as a reminder to create traffic safety. The city partnered with Operation Clean Slate on the project.

Artesia Parks and Recreation Program Coordinator, Jose Martinez stated, "our goal was to encourage safe driving, prevent crashes, remind teens not to text while driving and above all else, save lives." The Department held a contest within the members of the Teen Center and choose several renderings to combine together.

Last year over 6,000 people died due to texting and driving related crashes. Thousands more were injured. Operation Clean Slate teamed up with State Farm Insurance, the City of Artesia Parks and 15 local students to create a traffic safety mural.

Operation Clean Slate began in 1993 as a solution to the multi-million dollar graffiti vandalism issue. Owner and CEO, Michael Howard formulated a program that involves youth in hands-on activities, channeling their talents and improving the community.

Howard remarks, "We involve students in the creation of brightly colored murals that beautify school campuses and communities. These murals require teamwork. The painted images we create contain positive, beneficial, and educational messages to promote topics like good nutrition and healthy eating, wellness, pedestrian safety, prevention of drug and tobacco use, fitness

and environmental sustainability through water conservation."

Operation Clean Slate is a community beautification program to involve students in painting murals with a message for their community. The company is based in Costa Mesa but creates the murals in many Southern California cities. "We want to bring all people together in a common project to enhance community and improve communication," states Howard, "this requires, team work, communication and rubbing elbows."

Howard had an epiphany one day while driving down the 405 freeway. "I drive the 405 freeway all the time and when I spotted that white concrete wall with the red lettering on it, I immediately understood the cry for help behind it." Howard recalls, "I remember going into neighborhoods and asking why kids would tag property that did not belong to them." The answer Howard received was one he will never forget, "these kids wanted to see their name on something. They wanted to be noticed." Howard wanted the change the 'me' thing into a 'we' thing. In the majority of these murals, graffiti does not return. Howard commented, "these kids now have a sense of pride and ownership in the murals. I have seen it time and time again, they will typically leave the mural alone."

To date, Operation Clean Slate has partnered with over 25,000 volunteers and produced over 970 murals at 400 schools throughout Southern California and in 6 other countries.

LA MIRADA HIGH HOLDS TEST DRIVE FOR STUDENT-BUILT ELECTRIC VEHICLE

Norwalk-La Mirada Unified marked its 10th Annual “Zero Emissions: Bike, Walk to School Day” by showcasing a student-built, all-electric vehicle on April 24 at La Mirada High School.

It was all part of the District’s Earth Day celebration, where students, district and community members came together to raise awareness for the threat that tail-pipe emissions pose to the environment.

Planned by La Mirada High’s Model United Nations/Environment Programme, the event aimed to reduce the school’s carbon footprint by encouraging students and staff say “no” to gasoline-based automotive transportation by walking, biking, or riding in zero-emission vehicles for the day. Participants submitted pledge forms detailing the number of miles walked/biked for the day, which will enable students to calculate how many CO2 pounds were offset by their efforts.

Teachers greeted students walking and biking to school in support of the cause, holding signs proclaiming “No to Vehicles Today,” and awarded pedometers, pencils, water bottles, bike bells and lights for

night riding to participating students.

“This was a great opportunity to heighten environmental awareness not only at La Mirada High, but throughout our entire community,” NLMUSD Board of Education President Jesse Urquidi said. “Congratulations to the La Mirada students for organizing an exciting event to commemorate Earth Day. I’m proud of their interest in green technology and their environmental activism.”

The event also included a display of “Clean Cars,” including one built right on campus.

Members of La Mirada High’s Electric Vehicle Club test drove their student-built, highway-ready electric vehicle in the school’s front parking lot. The only sound as the engine switched on were shouts and applause from fellow students, teachers and community members as they watched the car circle the parking lot.

Using funds from a \$20,000 grant from the California Teachers Association Green Jobs Project, the EV Club purchased a “Switch vehicle kit” and students built the vehicle in after-school sessions under the direction of Southern California Electric

La Mirada High students (l-r) Nicole Tate, Vincent Nava and Kevin Park at the Earth Day Celebration with an electric car they built with fellow LMHS Electric Vehicle Club members.

Vehicle Association President Jim McCarty, Assistant Principal Joseph Powers, and ROP EV instructor Ilya Berkan. Past years’ Earth Day events have featured student-built solar and electric powered bikes and electric go-carts, but this was the first year an electric car was assembled.

“They did a terrific job. It’s great to see students learning how electric engines work and actually gaining job skills for

the green tech industry,” McCarty said.

“Building the Switch EV was not only an exciting project for these students, it will provide a hands-on experience with this technology for future students, since it can be assembled and dis-assembled each year,” said La Mirada High teacher and EV Club adviser Norma Williamson, who secured the grant.

Interim Superintendent Shattuck said plans are underway for a formal ROP electric vehicle class to be offered to students next year.

“This project exemplifies our District’s commitment to opening all kinds of pathways to exciting and in-demand careers for our students,” Shattuck said.

As for the future of La Mirada’s Switch EV, the students hope to license it with the DMV and drive it on the highway – that is before it gets taken apart for next year’s students to re-assemble.

GUEST OP-ED

**“Smoking is Cool”:
The Real E-cigarettes**

I was watching a movie in the Lifetime channel and I noticed an advertisement on E-cigarettes and it caught my attention. This commercial compared E-cigarettes to tobacco products. The comparison made me wonder what is in E-cigarettes and what is the big fuss about. I was under the assumption that smoking E-cigarettes were safe because it contains no tobacco.

E-cigarettes are defined as electronic cigarettes that are battery-operated products designed to deliver nicotine, flavor, and other chemicals that turn into an aero-

sol that is inhaled by the user, including the highly addictive nicotine that’s in it (U.S. Food and Administration, 2014). According to the California Department of Health, E-cigarettes do not emit a harmless water vapor, but an aerosol that has been found to contain at least 10 chemicals that are on California’s Proposition 65 list of chemicals known to cause cancer, birth defects or other reproductive harm. These toxins include chemicals like formaldehyde, lead, nickel, and acetaldehyde. The reason these chemicals are very harmful is that when it enters the body the chemicals traveled through the brain, organs and lungs, just like any other tobacco product.

California is 1 out of 7 states that have restrictions on the sale of E-cigarettes to minors. More than 16 million children live in states where they can buy E-cigarettes. The biggest concern to all Californians should be on how E-cigarettes are advertised on television, social media, and billboards. Currently there are no restrictions on how e-cigarette companies marketed the devices. The advertisements promote a “cool” factor to smoking the devices. Candy and fruit flavors promote a tasty sensation while you smoke which makes it appealing for minors to start smoking. Teen use of e-cigarettes surpassed the use of traditional cigarettes. More than twice as many 8th and 10th graders reported using e-cigarettes than traditional cigarettes and 17 percent of 12th graders reported currently using e-cigarettes versus the 14 percent using traditional cigarettes. E-cigarettes are similar with tobacco products, it is hazardous to allow the purchase of these products to minors and also allow people to smoke these in public areas. Policy makers questioned how to address e-cigarette use in public spaces, how to tax e-cigarettes, and how to keep e-cigarettes out of the hands of children.

E-cigarettes are causing damage to the community because there are no regulations. There are many safety concerns due to the hazardous chemicals that e-cigarettes contain, which make them dangerous for people to inhale and smoke around others. Smoking E-cigarettes will lead to serious health implications; therefore, strict regulations are needed. A bill introduced in January 2015 called Senate Bill 140 will help by setting strict regulation to e-cigarettes. It will benefit by decreasing youth smokers and second-hand smoke. The next step for California residents is to contact your local legislature to help approve this bill. Passing this bill will help to improve the health of individuals, families, and the community.

**Re: 7-11 in Artesia and
the Biased Local Editor**

Dear Editor:

Hello?

Doesn’t everyone know that the Bernstein’s paper (BP) ‘leases’ space from Artesia Mayor Tony ‘Lambada’ Lima?

It was Lima who helped spearhead the “No on AA” campaign, taking millions of dollars away from our children, when nearly every other school bond measure passed in SoCal.

Didn’t everyone know that the BP harmed our children of ABCUSD during the Bond election with their unethical, unbalanced, reporting and editorials, most of which were knowingly untrue?

Doesn’t everyone notice Kimsey and Bernstein pandering to Carol ‘free lunch’ Chen and her groupies, while smiling and posing for photos with the students of ABC in the BP, whom she sold down the river to support her cronies who didn’t want to pay their fair share of property tax on their many, many property holdings?

Yes, the election is over, but we are better than needing to lie, deceive, tearing down campaign signs. We should be setting positive examples to our kids.

BP and zero ethics, that’s old news.”

**Goldilocks Bakery &
Restaurant Back
in Cerritos**

By Rico Dizon

After about a year of absence, the famous Goldilocks name especially among Filipinos has resurfaced in Cerritos. This time, with a grand opening of its bakery and restaurant in a big commercial center on Artesia and Norwalk Boulevards.

“This is our second second effort to restart the Golden Renaissance of Goldilocks here in Southern California and we are continuing to grow and expand our presence both in North America and around the world,” said Louie Ortiz-Luis, president, Goldilocks Retail Group Operation for Southern California. The company will be celebrating its 50th anniversary next year.

Goldilocks bakery & restaurant has been existing for many years around town, originally in the City of Artesia on Pioneer Boulevard near the corner of Artesia Blvd. Then, it moved to Cerritos at South Street and Gridley Avenue until that store changed its name to Leelin Bakery & Cafe in early April of 2014.

During last week’s grand opening of the new Goldilocks in Cerritos which was attended by Cerritos Mayor Carol Chen together with members of the City Council, and Philippine Consulate General in Los Angeles Leo Herrera-Lim, Milagros Yee, 84, one of the original founders of Goldilocks that begun in the Philippines almost 50 years ago, said, “This all started with me and my sister Clarita baking in our family kitchen in Manila. The business venture has grown into something bigger.”

“We are just delighted to have the Goldilocks name once again in Cerritos,” said Mayor Chen while Fil-Am City Council Member Mark Pulido had this to say, “One of the best places to learn more about Filipino culture and cuisine is here at Goldilocks.” Philippine Consulate General Herrera-Lim noted on the familiarity and comfort that the Goldilocks brand has provided Filipinos everywhere.

Today, there are 465 Goldilocks stores all over the Philippines, 11 in California, one in Las Vegas, three in British Columbia, Canada, and five in Thailand. “Success is the result of preparation, hard work and learning from failure, remarked Mrs. Yee’s son Robert who share the Goldilocks vision to have 500 stores worldwide by 2016.

One customer has noted that at the back of Goldilocks recipe book it reads, “We clarify that Leelin is not in any way affiliated and connected with Goldilocks and its products.”

DOWNEY UNVEILS MOBILE APP

By Tammye McDuff

For every daily issue residents face, whether using a GPS or finding a restaurant, you can be certain there will be a mobile app for it. As more cities begin exploring the benefits of digital tools, mobile apps are quickly becoming a platform for civic engagement. 90 percent of the population totes a cell phone and more than half use a smartphone. The phone, as government officials have found, is the quickest way to connect with local residents when it comes to anything from crime alerts to voting reminders. In efforts to continually update and brand the city of Downey, Senior Civil Engineer, Ahmed Husain introduced the City's Mobile Phone App to Council, Tuesday April 28, 2015.

The new app will be designed similar to the city's hotline: Residents can report problems like potholes or graffiti by snapping a photo, tagging the location, and sending a report through the app. Users receive a tracking number and can monitor when the city fixes the issue. Authorities sometimes take as little as a day to send a response. If there is fire hydrant flowing,

debris in the street or a pothole that needs repair, a resident can take a smartphone photo and send that along with the message to fix it. Residents can also report litter, illegal signs and other issues directly to the city's Customer Service Department. The app allows a resident to write a description or comment and take a photo to attach to the report. "This enables citizens to help us keep up with various issues in a timely manner," said Husain, "people can make a report on the spot while they're thinking of it. It's an easy way for citizens to report problems, and it assists us in ensuring a good quality of life in Downey."

Registration is required, but reports can be made anonymously.

The app also allows people to see where other reports have been made, and view and post comments. When the problem is addressed, a customer service representative will send an email to the reporting citizen.

Both of these apps are free and in Apple or Android formats.

Brossmer added, "We are using technology to redefine and expand how residents can access their local government, our growing list of mobile apps will provide a convenient way to engage with the City."

The app will be available in the Apple and Android Store by late May or early June 2015.

Former Mayor Honored by Downey City Council

By Tammye McDuff

EDITOR'S NOTE: Former Downey Mayor and Councilman Robert C. Winningham passed away in the morning hours of Tuesday, April 28, 2015. The following article was written after the April 14 City Council meeting. The family would like to extend an invitation to those friends and colleagues' for a Celebration of Life Tuesday, May 5, 2015, 3:00 pm to 6:00 pm at the Rio Hondo Event Center. Winningham will be inducted into the Downey High School Hall of Fame June 5, 2015.

Former Downey Mayors and Downey Unified School District board members gathered at the council meeting April 14, 2015 to honor Bob Winningham. Councilmember Roger Brossmer called Winningham "the best and most favored Mayor of all time."

Former Mayor Kirk Cartozian stated, "we are living, working and enjoying this great city of ours, but it wasn't always like that. We have had our bumps in the road. Bob was the man that got us through it all." Cartozian stated that Council doesn't always get the credit they deserve and often get blamed for things they don't do, however Winningham was a man who knew how to be a good Councilman, knew how to deal with residents and colleagues and knew how to be a great Mayor, "He also knew how to get thing done," continued Cartozian "there has been no greater one term Councilman or Mayor than Bob. I am excited that the current Council has taken the opportunity to recognize a man who has mentored many and served this city with greatness."

Former Mayors and School Board Members present Winningham [seated] with a Certificate and Tile.

Winningham was instrumental in regeneration Downtown Downey and Downey Avenue. He was a member of the Downtown Subcommittee that saw to it that benches, landscaping and lighting were installed. He was also influential in getting the Barbara J. Riley center built and named. Riley devoted much time to public service, donating time and resources to the Assistance League of Downey, Downey Chamber of Commerce, PTA HELPS, Downey First Christian Church, Rancho Los Amigos National Rehabilitation Center, Downey Coordinating Council, and others.

Former Mayor Meredith Perkins held a pseudo 'roast' for Winningham, recalling the many times the two would spend Sunday afternoons going over the numerous plans they had for the city or simply kicking back and playing pranks on one another. Perkins recalls, "We had some great times. I remember coming out of closed session at one point and finding a telephone book on my chair," Perkins chuckled saying "I don't know where bob got the idea I was that little!"

Winningham was helpful in many new

ideas. Barbara J. Riley, or the cookie lady as Council referred to her as, was also Mayor of Downey in 1992. Riley was a champion for the community and establishing a senior center, which was named in her honor following her death in 2001.

Perkins complimented Winningham saying he was the 'go to' man for support "People don't remember what you say or what you do, but they remember how they made you feel. Bob has made many people feel like a million bucks. And I am one of those fortunate men." Winningham served on the boards of Indian Guides, YMCA, and little league making a difference in the lives of Downey youth.

Mayor Luis Marquez bestowed a Certificate of Recognition and presented Winningham with a Tile of Honor saying, "it is truly an honor to recognize you and your commitment to this City. Your outstanding record of conduct has made you a Council member of distinguished caliber. We appreciate and commend you for your service."

Robert C. Winningham served as Mayor or 1994-1995 and 1997-1998.

KENNA

Continued from page 1

taking it well. Kenna began to realize that she wasn't the only person in the world who goes through life challenges and knew she had to change her attitude.

Kenna said that basketball was a big outlet where she was able to let out her frustration and leave it all out on the court.

She used some of that aggression on the basketball court where she played as a freshman and sophomore under head coach Katie Hardeman. The Lady Crusaders advanced to the California Interscholastic Federation-Southern Section Division IV-A semifinals her freshman season. The next season, she was one of nine players on a team that featured seven seniors, including Vanna.

Music was also a big outlet where she learned that she could impact and affect people through songs. All of her heart and emotion went into music and because of what she had been through, Kenna is very passionate about everything she does.

As a sophomore, Kenna did a specialty number at V.C.'s famous yearly Broadway Showcase event. The kicker to that is specialty numbers are not normally performed by underclassmen. She said that she was inspired to pursue a singing career after performing in Broadway Showcase.

Kenna stepped aside from basketball her junior year to focus on music and see

if it was something she really wanted to pursue as a career. She came back to basketball for her senior season and helped the Lady Crusaders, coached by Ally Wade, reach the playoffs for the first time since her freshman season.

"As the years went by, I learned how to express myself through music," Kenna said. "Honestly, it was my outlet. When I started doing music in my sophomore year, I started doing way more than what it was during my freshman year. Freshman year it was just a hobby. Sophomore year I was very involved in music."

What many did not know about Kenna during her earlier days at V.C. was she was in the beginning stages of where she is today. As a freshman, Kenna went to a Coffee Bean for an open mic night event. She asked the manager how can she could get involved and was told she needed to give the manager a CD. Intimidated at first, Kenna went home and recorded some material through her computer before walking back to the establishment and giving the manager her CD. The following week, the manager e-mailed Kenna and asked her to come back with a band in which she found people who could play and formed a band.

At first, Kenna would see Carter on Saturday's for an hour and that's when she started loving music even more. Carter began hinting around with Kenna as far as her future and on July 1, 2014, began writing and recording with him.

"What I really loved about Kenna was she reminded me of myself," Carter said.

"She had a great sense of humor. That's what made me gravitate to her. We would laugh so much during our sessions about the silliest things, and it was just cool. We clicked."

"When we started here writing in July, I really didn't know what to expect," Kenna said. "I've never written in this capacity, so it was a little intimidating at first. But as time went by, it got easier and easier."

In the beginning, Kenna sent Carter a journal of the first song she wrote, which he put together the melody and music. That song, which was a pop song, was titled "This Kind Of Love". The first song that Kenna and Carter wrote on July 1 was "Take Me Up". Since July 1 of last year, the two have written about 20 songs. Kenna, who sings pop and rhythm and blues with a blend of reggae and island music, works with Carter work out of a small San Pedro studio four to five days a week for about four to five hours each day.

"I get inspired by lots of people," Kenna said. "I don't really have a favorite singer that really inspired me. I think I'm inspired by music in general. I love music that I can feel and music that inspires me to make music."

Carter, who has been in the music industry for 19 years and a vocal coach for over 20 years, says the icing on the cake for him was the fact that Kenna is Polynesian. In 2000, Carter started a Polynesian record label with two Samoan friends. The three of them, known as Chord Brown, fused pop, R&B and island music together and

came up with their own sound. Their album, as he says, blew up and their hit song "Pualena" went big in Hawai'i and New Zealand and is still playing in Australia, France, Japan and Spain.

"What I saw in Kenna was something special," Carter said. "She had what it took to stand out in this music world as an artist and as a Polynesian artist. She is a star to me and I believe that her dreams as well as mine will be fulfilled. I'm excited about this journey with her."

Kenna is currently promoting "Do You Love Me" and has been posting several teasers on social media outlets. She is also projecting a CD launch party around August.

"The song "Do You Love Me" is very relatable to many people, girls and guys," Kenna said.

She added that it was hard to choose a song to be her first single because both she and Carter love all of the songs they have put together.

"But I think it honestly came down to what we wanted the flow of the album to be," she said. "We just wanted it to have a good flow and have a good vibe."

Kenna has also been busy outside the studio. On Mar. 21, she had a busy 12-hour photo shoot session at three different locations where over 1,000 shots were taken. She is also preparing for a "Do You Love Me" video.

"With what we have, I trust that we'll go far with it," Kenna said. "A lot of people ask me, 'do you want to be famous'? Honestly, I just want to do music. I want to be successful with music. If I'm famous, [that's] awesome. But I think, honestly, I just want to be able to make a career out of music and just live my dreams."

And the feedback that she has been getting has been nothing short of positive. People have been posting on Facebook, constantly asking when the single will come out and telling her that yes, they do love her because of the promoting of "Do You Love Me".

Carter also added that there's so much to be done and it's a 'me and her' company. But if "Kenna" takes off as expected, then one day, the Cerritos community will get to see Kenna's name plastered all over the airwaves and television.

You can follow Kenna on Facebook at www.facebook.com/Kenna, on Twitter @kennamusic and on Instagram @kennamusic.

SANCHEZ DELIVERS BIG HIT TO KEEP JOHN GLENN BASEBALL CLOSE TO FIRST PLACE

By Loren Kopff

John Glenn High's Victor Sanchez didn't have his best stuff when he toed the rubber against visiting Cerritos this past Wednesday. The senior southpaw, regarded as one of the best pitchers in the Suburban League the past few seasons, struggled in his four innings of work, especially in the top of the first.

But he came through with his bat as his two-out single to the left field gap brought in senior third baseman Angel Chavez for the go-ahead run as the Eagles survived a 5-4 triumph over the Dons. The win allowed Glenn (13-8 overall, 5-2 in league) to stay one game behind first place La Mirada with five games remaining in the regular season.

"We just had to stick to it," Sanchez said. "I had to stick to it on the mound. I didn't want to let my guys down. I didn't want to let my coaches down or the fans out here. It was a tough win. [Glenn head coach Jack] Brooks said, 'keep fighting, we'll get it' and we did. That's good on our part."

Cerritos grabbed a 2-0 lead early on as Sanchez walked three batters and senior left fielder Jacob Carter reached on an error. The last of those walks, issued to senior shortstop Aaron Hinds, made it 1-0. Later in the inning, a sacrifice fly from junior catcher Kyle Suezaki plated Carter. Sanchez, who threw 42 pitches in the inning, allowed two runs in the first inning for the first time all season.

"I got down," Sanchez said. "We're shooting for a goal and a league championship and that was really the first inning. We had a whole lot of game to play.

It's baseball; we all get our chances and I'm glad that our guys stuck through it because I knew we weren't going to get down on [the first inning]."

But the Eagles rallied for three runs in the bottom half of the inning with a two-out rally. Cerritos senior Ian Rosenberg walked senior shortstop Jake Carr and junior catcher Hector Sanchez before an error allowed junior centerfielder Sammy Lopez to reach third base. Moments later, a base hit from senior first baseman Erick Galindo put the hosts in front.

The Dons (13-10, 2-5) tied the game in the next inning on a groundout from junior centerfielder Tyler Beyer. Still, Victor Sanchez was unable to set down Cerritos, which is trying to advance to the playoffs for the first time since 1998. The Dons would strand eight runners on base through the first five innings.

When the Dons were on defense, they did all they could to keep the Eagles from scoring. In the bottom of the second and with two outs, Victor Sanchez was hit by a pitch. Rosenberg then threw over to senior first baseman Justin Fujii six straight times, hoping to catch Victor Sanchez off guard before throwing a pitch to senior catcher Luis Rojas. On the first pitch to Rosas, Victor Sanchez was caught steal-

ing second.

"Our coach preached that Cerritos is a very smart ball club and they were going to run us down," Sanchez said. "They were going to pick, pick, pick until we get tired on the bases and I think that's a smart strategy. But I think it's safe to say that it was some type of respect for me."

Glenn got an insurance run in the bottom of the fourth when Rosas doubled in Victor Sanchez. Cerritos would load the bases in the top of the seventh before Carr, who had replaced Victor Sanchez in the fifth, hit junior pinch hitter Erik Gomez, allowing Fujii to score. But junior third baseman Saul Ruvalcaba hit into a game-ending double play.

Victor Sanchez threw 108 innings in four-plus innings, struck out six, walked five and allowed four hits. He improved to 7-1. Carr worked the rest of the game for his first save of the season. Rosenberg, who scattered five hits and allowed two earned runs, went the distance for the third time this season. Both teams will meet today at Cerritos with the pitching matchup likely to be Carter and Rosas. The former is sporting a 6-2 record and has six complete games. Cerritos will then host Norwalk on Wednesday while Glenn is home to Artesia on the same day.

"It's going to be a good game," Victor Sanchez said of today's game. "Their number one put up good numbers against us last year. We barely beat them 1-0. I think he's going to want to come out with some vengeance and some pride in himself. I can guarantee that we're going to come out ready to go."

In other baseball action, Gahr received a complete game performance from junior Chris Corral in a 6-1 win at Downey this past Tuesday. The Gladiators improved to 14-10 overall and 3-2 in the San Gabriel Valley League as they will host Downey today before facing Northview in a Redondo Tournament game on Saturday. Gahr will then host Dominguez on Tuesday.

Norwalk dropped a 10-4 decision to host La Mirada this past Wednesday and fell to 6-11 overall, 2-7 in the Suburban League. The two teams will hook up at Norwalk today before the Lancers visit Cerritos on Wednesday.

Valley Christian was blanked by host Village Christian 8-0 this past Tuesday and saw its record fall to 14-8 overall, 3-4 in the Olympic League. The two teams play each other today at Valley Christian, which will also host Maranatha on Tues-

day.

SOFTBALL

Cerritos remained perfect in the Suburban League following a 9-1 win at upstart John Glenn. The Lady Dons (13-7, 7-0), which had blasted Bellflower 22-0 last Friday for their biggest league shutout win since whitewashing Bellflower 20-0 on Apr. 6, 2011, will host the Lady Eagles (7-10, 3-4). Glenn has not defeated Cerritos since 2007.

Gahr had no problems with Lynwood this past Tuesday in a 14-0 win. It was the sixth straight victory for the Gladiators (16-6, 4-1), who have outscored their opponents 81-6 during that time. Gahr hosted first place Warren on Apr. 30 with the SGVL title on the line. The Gladiators will then wrap up play in the La Mirada Showcase Tournament on Saturday before visiting Paramount on Tuesday hosting Downey on Thursday.

Norwalk kept its chances of winning a Suburban League title alive with a 3-1, eight inning win over La Mirada this past Wednesday. The Lady Lancers, behind freshman pitcher Breanna Vasquez, improved to 13-5 overall, 7-2 in the circuit. Vasquez upped her record to 12-2.

Valley Christian, still smarting from a 3-2 loss to Maranatha last Thursday, bounced back to get by Whittier Christian 7-5 this past Tuesday. The Lady Crusaders (10-11, 3-1 in the Olympic League) will host Heritage Christian on Tuesday and travel to Village Christian on Thursday.

Whitney went out of the Academy League to post a 15-4 win over Summit Collegiate Charter Academy this past Tuesday to improve to 6-9 overall. The Lady Wildcats will visit Oxford Academy today before entertaining Calvary Chapel Downey on Tuesday before going to Brethren Christian on Thursday. Whitney is 1-3 in league action.

A long-term live entertainment permit means a permit for the periodic conduct of entertainment at a specific location for more than 90 days but not to exceed five years. The applicant is required to take all necessary precautions including the installation of sound barrier walls inside the restaurant and the presence of a city-licensed security guard to monitor the noise and maintain peace and order on the site. The applicant will also keep the rear service entrance door closed so the noise from inside does not spill over the mobile home residents nearby.

"The lessor has increased our lease. We need to find ways in expanding our services and improve our revenues as well," said Elizabeth Jones Dela Torre, Azon owner. "Like any other restaurant business offering live entertainment, we will have beer and liquor available. And we already had secured the appropriate permit from the State."

When asked by LCCN regarding the grand opening for their live entertainment, "it will be sometime in May," Dela Torre replied.

COMMERCE

Continued from page 1

The movement is a culmination of several backroom deals that included City Attorney Eduardo Olivo classifying a letter, written by former Commerce candidate John Soria, as a closed session item to keep the recall discussion away from public scrutiny and outside of the City Council chambers.

The letter basically asked for a change in the city's theft and fraud policy. Olivo and Council applied their own interpretation to the letter, agreed the policy should be changed retroactively to include Argumedo, and initiated the "litigation."

In doing so, the Council violated the Brown Act by not adequately describing the Argumedo closed session item contained in the Council Agenda that was posted online.

Soria was a bitter rival of Argumedo and came in last place in the Mar. 3 election. HMG-CN first reported that Soria lied on his campaign materials claiming he was a "law enforcement professional" when in reality he is a police dispatcher.

Soria had good reason to write the letter as sources are telling HMG-CN that if Argumedo is recalled, Soria would be endorsed by all City Councilmembers to take his place.

Public Document

HMG-CN requested the "report out" of the Apr. 21 closed session meeting that stated, "in regards to [the Argumedo issue], pursuant to the advice of the City Attorney [Olivo], Councilmember Argumedo recused himself from participating in the matter due to potential conflict of interest regarding the subject matter to be discussed and the potential initiation of litigation action by the City; Councilmember Argumedo left the room."

The document went on to say, "Mayor Pro Tem Baca Del Rio moved, seconded by Mayor Leon, to direct City Attorney to initiate communication with the California Attorney General (AG) regarding the initiation of a "quo warranto" matter.

Councilmembers Altamirano, Reballo, Mayor Pro Tem Baca Del Rio and Mayor Leon all voted yes to initiate the costly litigation.

According to the AG's website, the term "quo warranto" is Latin for "by what authority," or "by what authority does this person hold this office?"

Quo warranto is a special form of legal action used to resolve a dispute over whether a specific person has the legal

litigation, as the process is very detailed.

Olivo must file an application pursuant to the rules and regulations issued by the AG and must include a verified complaint, a verified statement of facts, and a memorandum of points and authorities.

Lilia R. Leon Mayor

Tina Baca Del Rio Mayor Pro Tem

Ivan Altamirano Councilmember

Hugo A. Argumedo Councilmember

Oralia Y. Reballo Councilmember

Commerce City Attorney Eddie Olivo (top) is leading the way for the Commerce City Council to initiate litigation against newly elected Hugo Argumedo (center, bottom row). The litigation comes at a time when Mayor pro tem Baca Del Rio recently was caught by HMG-CN committing fraud against the City by violating the city's Vehicle Use Policy. Now HMG-CN has received documents showing Oralia Reballo receiving a check as an employee of the city and as a City Council member, putting her in an incompatible office position.

right to hold the public office that he or she occupies. For example, a quo warranto action may be brought to determine whether a public official satisfies a requirement that he or she resides in the district; or whether a public official is serving in two incompatible offices.

Interestingly and pertinent to Councilman Argumedo, quo warranto is not available to decide whether an official has committed misconduct in office.

The statement would be in direct opposition to the meaning of the Soria letter as interpreted by the City Attorney and Council, that is, to retroactively apply a fraud and theft policy so they can remove Argumedo.

Based on the vote, City Attorney Olivo will likely earn some hefty fees during

What "complaints" City Attorney Olivo and the Council will submit remain to be seen, sources are telling HMG-CN that the city will attempt to retroactively change the theft and fraud policy to include Argumedo.

The application must be properly served on Argumedo, and filed within five days of service with the AG.

Argumedo will be given 15 to 20 days to respond, and the City has 10 days to respond to Argumedo's arguments.

After all of the papers are filed, the AG will evaluate the facts in order to determine whether or not to grant the City "leave to sue."

If leave to sue is granted, then the City may file a quo warranto action in the superior court, if not, the matter is dropped.

Baca Del Rio's Fraud

The initiation of the lawsuit takes place at a time when Mayor pro tem Baca Del Rio was found to be committing her own fraud against the city.

HMG-CN first reported Mayor pro tem Baca Del Rio's violation of the city's vehicle use policy, which is a misuse of public funds and is prosecutable as a felony.

Several public records request showed that Baca Del Rio has been paid \$500, over \$2,500 in car allowance, since Oct. 2014.

Del Rio was required to give the city owned car back to the city and use her own transportation but HMG-CN received several pictures months after Oct. 2014 with a city car in Del Rio's driveway.

HMG-CN also found that Baca Del Rio attempted to cover up her use of the city car by not signing the car out of the transportation lot.

Both are outright fraud actions.

Reballo Holding Incompatible Offices

Now, in what makes the vote against Argumedo look even more suspicious, and one that casts Councilwoman Oralia Reballo as a phony, HMG-CN has received documents showing newly elected Reballo, a favorite of Baca Del Rio, taking two paychecks from the city.

A public records request documents that Reballo received \$1,307.41 as a City Council member and \$1,409.01 as an employee of Commerce as the Recreation Leader.

Under the AG's own rules, the fact Reballo is taking a check from the city as an employee and taking a City Council check, places her in an "incompatible office" position.

Ironically, a quo warranto action could be initiated against her, and is actually a better litigation case than Argumedo's.

Yet Leon, Baca Del Rio, Altamirano, and City Attorney Olivo chose to overlook Reballo's obvious violation and sue Argumedo.

Several emails into Mayor Leon, Mayor pro tem Baca Del Rio, Councilmembers Altamirano and Reballo, and City Attorney Olivo went unreturned.

Councilman Argumedo did not want to comment given the impending litigation.

Movie Review EX MACHINA

By Jason Ooi

Isn't it strange? To create something that hates you?

Somewhere in a secluded refuge from society, where the waterfalls meet glaciers and rain forests blend in congruence with regular forests, the next piece of the evolutionary chain is birthed. From the mind of a self-declared “Prometheus”, Nathan, CEO of Blue Book, the film’s equivalent to Google, incites fire into the next rung of humanity. Meet Ava.

The film follows Caleb, a young, low-level programmer in Blue Book, who wins a contest granting him entry into his CEO’s private and secluded estate. It is there that he is told what the true purpose of his unprecedented visit is- to act as the human proponent in a Turing test with the world’s first successful artificial AI, a dreamlike Ava.

While most science fiction films have undergone a more blockbuster route, favoring action-derived thrill to attract larger audiences, Ex Machina stays true to the genre with a legitimately intelligent script that raises true and fascinating insights into things like captivity, and the insecurity of Man, both when faced with Woman, and replacement from the inevitable grasp of evolution.

The film, as self-aware as its main female protagonist, sees plot holes and irrelevant theories and stamps them out with a vindictiveness that keeps the story on track and focused, unwavering from its more central themes. It eradicates most glaring plot holes and leaves us with no fluff to distract us from the brilliant interactions in the film.

And that’s what makes this film so amazing- its ability to render what is basically the interactions of four characters infinitely fascinating and infinitely thought provoking. This is heavily in part due to brilliant performances all around. Oscar Isaac, who can do no wrong in terms of acting, does not add as much depth to

his character as he normally manages to do (tragedy in Drive and Inside Llewyn Davis, ambition in A Most Violent Year.) He rather fills his scenes with a foreboding sense of acceptance that he is doing what’s necessary to speed up the process in which machine will someday replace Man. His character is shady and inappropriately funny, and perfectly captures the sense of mistrust that Caleb apprehends. Dohmna Gleeson, another rising star who just seems to be great in everything and anything lately, also does a great job, exemplifying self-doubt the way only a lonely programmer can.

The true star of the film however, is the AI Ava, half human, half gray mesh and hardware. Alicia Vikander finds a perfect way to balance humanity with artificiality, creating a character that feels and looks so human, so innocent and childlike, that you can’t help but fall in love as well. It’s hard to remind yourself that you are watching an actress play a role, rather than actually being allowed the privilege to observe the progression of scientific inquiry. It is her performance, supplemented by brilliant and fascinating dialogue and revelations that makes every one of her and Caleb’s “sessions” so intense. I found myself getting goosebumps every time she spoke. How could something so lifelike be nothing but wires and gel?

But not only does the dialogue and conversation excel, but those contemplative moments of silence, those peaceful calms before the storm are so powerful as well. The score of the film is absolutely immersive, portraying ideas and emotions on their own. Harsh dissonance announces crises, and the soft, dollhouse music paired with Alicia’s innocent flirtations makes her seem nonthreatening and innocent like a young girl on the brim of maturity. All of this, added with the fluid and sweeping cinematography envelops the film in a singular sense of eeriness.

Ex Machina is the second film about artificial intelligence this year, and the more I think about it, the less intelligible the first one, Chappie, seems. The film is an original, thought-provoking, thrilling, ominous, suspenseful one that definitely passes my test.

UNLESS YOU TAKE ACTION TO PROTECT YOUR PROPERTY, IT MAY BE SOLD AT A PUBLIC SALE. IF YOU NEED AN EXPLANATION OF THE NATURE OF THE PROCEEDING AGAINST YOU, YOU SHOULD CONTACT A LAWYER. A public auction sale to the highest bidder for cash, cashier's check drawn on a state or national bank, check drawn by state or federal credit union, or a check drawn by a state or federal savings and loan association, or savings association, or savings bank specified in Section 5102 of the Financial Code and authorized to do business in this state, will be held by duly appointed trustee. The sale will be made, but without covenant or warranty, expressed or implied, regarding title, possession, or encumbrances, to pay the remaining principal sum of the note(s) secured by the Deed of Trust, with interest and late charges thereon, as provided in the note(s), advances, under the terms of the Deed of Trust, interest thereon, fees, charges and expenses of the Trustee for the total amount (at the time of the initial publication of the Notice of Sale) reasonably estimated to be set forth below. The amount may be greater on the day of sale. BENEFICIARY MAY ELECT TO BID LESS THAN THE TOTAL AMOUNT DUE. Trustor (s): MICHAEL J CHAVEZ, A MARRIED MAN AS HIS SOLE & SEPARATE PROPERTY Recorded: 3/30/2007 as Instrument No. 20070747991 of Official Records in the office of the Recorder of LOS ANGELES County, California; Date of Sale: 5/14/2015 at 9:00 AM Place of Sale: At the Doubletree Hotel Los Angeles-Norwalk, 13111 Sycamore Drive, Norwalk, CA 90650, in the Vineyard Ballroom Amount of unpaid balance and other charges: \$445,208.62 The purported property address is: 13412 BIOLA AVE, LA MIRADA, CA 90638-2953 Assessor's Parcel No.: 8041-009-017 NOTICE TO POTENTIAL BIDDERS: If you are considering bidding on this property lien, you should understand that there are risks involved in bidding at a trustee auction. You will be bidding on a lien, not on the property itself. Placing the highest bid at a trustee auction does not automatically entitle you to free and clear ownership of the property. You should also be aware that the lien being auctioned off may be a junior lien. If you are the highest bidder at the auction, you are or may be responsible for paying off all liens senior to the lien being auctioned off, before you can receive clear title to the property. You are encouraged to investigate the existence, priority, and size of outstanding liens that may exist on this property by contacting the county recorder's office or a title insurance company, either of which may charge you a fee for this information. If you consult either of these resources, you should be aware that the same lender may hold more than one mortgage or deed of trust on the property. NOTICE TO PROPERTY OWNER: The sale date shown on this notice of sale may be postponed one or more times by the mortgagee, beneficiary, trustee, or a court, pursuant to Section 2924g of the California Civil Code. The law requires that information about trustee sale postponements be made available to you and to the public, as a courtesy to those not present at the sale. If you wish to learn whether your sale date has been postponed, and, if applicable, the rescheduled time and date for the sale of this property, you may call 800-280-2832 for information regarding the trustee's sale or visit this Internet Web site http://www.qualityloan.com, using the file number assigned to this foreclosure by the Trustee: CA-14-609853-AL. Information about postponements that are very short in duration or that occur close in time to the scheduled sale may not immediately be reflected in the telephone information or on the Internet Web site. The best way to verify postponement information is to attend the scheduled sale. The undersigned Trustee disclaims any liability for any incorrectness of the property address or other common designation, if any, shown herein. If no street address or other common designation is shown, directions to the location of the property may be obtained by sending a written request to the beneficiary within 10 days of the date of first publication of this Notice of Sale. If the Trustee is unable to convey title for any reason, the successful bidder's sole and exclusive remedy shall be the return of monies paid to the Trustee, and the successful bidder shall have no further recourse. If the sale is set aside for any reason, the Purchaser at the sale shall be entitled only to a return of the deposit paid. The Purchaser shall have no further recourse against the Mortgagor, the Mortgagee, or the Mortgagee's Attorney. If you have previously been discharged through bankruptcy, you may have been released of personal liability for this loan in which case this letter is intended to exercise the note holders right's against the real property only. As required by law, you are hereby notified that a negative credit report reflecting on your credit record may be submitted to a credit report agency if you fail to fulfill the terms of your credit obligations.
