## Hawaiian Gardens Hosts State of the City, Mayor Bruce Updates Residents

By Tammye McDuff

Hawaiian Gardens Mayor Barry Bruce hosted the Annual State of the City this past Saturday and opened with a strong message to residents saying, "If we don't take our responsibility seriously, we could lose everything in the process and those freedoms that were once secured for us. This is why I encourage everyone in the community to vote. This is why I encourage residents to come to City Council Meetings, and this is why I encourage people to get every side of the story before developing an opinion."

Bruce speech then focused on three aspects within the city, the Good, the Bad, and the Ugly.

The good news is that the city of Hawaiian Gardens does not have any debt and boasts an \$18 million budget.

The bad news, as Bruce called it, is that roughly 70% of that budget comes from one source, the Hawaiian Gardens Casino.

The City and the Casino have a healthy relationship, "However," said Bruce, "this is not a good position for a city to be in, relying on one source for a large amount of its income."

The Casino has grown in business and doubled its size, but Council wants to encourage new business into the city. Hawaiian Gardens has many programs in place to help current owners keep their establishments and properties in good repair. One such plan is the Upgrade Signage program where the city will pay

The Fun Run is organized specifically for small children, walkers and parents with strollers as well as serious runners. Major sponsors, included Los Cerritos Center, the Los Cerritos Community News, LBS Financial Credit Union, and Wesley Health Centers; the Run had over 60 community sponsors contributing to the event's success.

"The proceeds from this Fun Run will support the Foundation's grants to teachers and schools, or will go directly to pay for student supplies, such as back packs and school necessities," stated Century 21 ASTRO realtor Mark Anthony Ruiz, president of the ABC Education Foundation Board.

Over 100 volunteers from the Girl Scouts, the cities of Cerritos and Hawaiian Gardens, and ABC staff ensured the Fun Run was safe and fun. Bands from Gahr High School and Tetzlaff Middle School and volunteers, served as "cheerleaders" lining the course, cheering runners on.

# KNABE HONORED AT ARTESIA CITY COUNCIL MEETING

By Tammye McDuff

Supervisor Don Knabe continued his farewell tour this month with a stop at the June Artesia City Council meeting. Knabe thanked City Council for their years of fostering a great working relationship. "As I end my career in politics this coming December, I want to thank each and every one of you in the great city of Artesia and say thank you for allowing me to represent you."

Knabe is completing 20 years as Supervisor, 14 years as Chief of Staff and before that former Mayor and Councilman for the neighboring city of Cerritos. "My sole purpose is to thank each one of you for your gracious support."

Mayor Manalo stated, "We have so much to be thankful for here in the City of Artesia, and obviously very thankful to have been recipients of our brand new library, which was made possible by Supervisor Knabe. On a personal note, it has been wonderful for me to see how much you really care about the people you serve in your County."

In other council business, Certificates of Recognitions were given to Bhindi Jewelers, Denny's Restaurant and Mirage by Samar for most improved appearance. Mirage by Samar is one of Artesia's premier clothing stores, and Mayor Victor Manalo stated how grateful they were for the company's efforts in beautifying their property and providing a pleasant experience to their customers.

Dr. Jose Fierro, President and Superintendent of Cerritos College presented the College Complete

Scholarship Program to Council. The program focuses on student performance, access and completion, and is essentially a scholarship-based program. Rather than offering a free tuition, the College decided to encourage successful completion of the courses taken. "We want to focus on students graduating and earning their degree, focusing on access, success and completion," said Fierro.

Serving over 24,000 students, the College is a diverse institution, with 70% of student's receiving financial aid. Beginning this fall high school graduates from the area must complete AOC, submit a K-16 bridge commitment contract and a summer connections enrollment contract as well as the courses associated, submit a two year education plan for counselor approval, and complete English and math courses. Students must also attend K-16 requirements and workshop, follow a prescribed education plan and complete and submit a FAFSA. In return students will receive one year free tuition, \$100 per semester for books and an enrollment fee waiver with step by step assistance from counselors. Currently the College has 600 students currently enrolled in the program.

The Artesia Library is kicking off lots of summer fun, with a summer reading program, last year over 500 people participated in the program. Children are being encouraged to use the online plan where they can connect with other children reading at the same level. Saturday Book Buddies will be held every Saturday as well as a children's robotics program.

The Chamber of Commerce has

Artesia City Council with Supervisor Don Knabe. Knabe thanked City Council for their years of fostering a great working relationship. "As I end my career in politics this coming December, I want to thank each and every one of you in the great city of Artesia and say thank you for allowing me to represent you."

been very busy with new businesses and focusing on increasing their membership with two new mixers at Bowls by 39 and Wedding Store 24. The State of the Higher Education will be held June 28th with special speakers Dr. Shin Lu

and Dr. Jose Fierro. Workshops will be held each month for business owners regarding new laws and practices. A luncheon scheduled for September will focus on how to start a new business with a panel discussion.

# CERRITOS RESIDENT HEADED TO JOHNS HOPKINS AS A 17-YEAR-OLD JUNIOR

Staff Report

Current Early Entrance Program student and former Whitney High School student Rushabh Doshi will be headed to Johns Hopkins University as an incoming junior this upcoming fall semester to study Public Health. His goal is to become a medical doctor.

“My parents have been my greatest influence. Seeing them thrive and do exceptionally well in their respective medical careers inspires me and motivates me to do just the same. My brother has always supported me and has stuck behind me. My family has simply been great, this wouldn’t be possible without them,” Doshi told HMG-CN.

Halfway through his sophomore year, Doshi learned about the Early Entrance Program at California State University of Los Angeles, a program that allows gifted students as young as the age of 11 to go to a university setting and advance their education.

After seeing the opportunities that the Early Entrance Program could provide for his career, Doshi applied, passed the required tests, and underwent a rigorous 6-week academic summer session. After the session, Doshi learned that he was accepted into the Johns Hopkins matriculating class as one of the thirty-one students.

With support from his brother, parents, and grandparents, Doshi made the decision to leave high school and join the university at the tender age of 15.

“Attending the Early Entrance Program was amazing for me because it allowed me to gain a sense of urgency. It made me realize that every single thing that I did counted from now on and the only path to success was working hard and smart,” Doshi stated.

Doshi made sure to make the most of his two years at the Early Entrance Program. He immediately joined and became a leader in many clubs on campus, including the American Medical Student Association, Chemistry and Biochemistry Club, and the TEDx club. He was a Dean’s list recipient in every quarter of his attendance and received special recognition from the Honors College several times. He rotated with doctors at USC Keck School of Medicine during his freshman year in order to expose himself to the many areas of medicine.

However, he didn’t stop there. In the summer after his freshman year, he started researching with a gastroenterologist at Cornell Medical School for two and a half months. Doshi studied issues in the GI tract, especially those pertaining to pancreas. Doshi led his own project and published a unique use of EUS-Guided Drainage for recurrent pancreatitis as a first author. He contributed to several other projects, including an academic paper that showed the different types of management of pancreatic fluid collections. After coming back, he resumed different medical research at both USC and UCLA.

Current Early Entrance Program student and former Whitney High School student Rushabh Doshi. He made the decision to leave high school and join the university at the tender age of 15.

After deciding that Public Health was the major for him, he applied to Johns Hopkins.

At Johns Hopkins, Doshi plans to become heavily involved in the community as well as conduct research at the world-renown Hopkins Hospital. He is in the process of learning about Medical School admissions and has started preparing for the Medical College Admissions Test (MCAT).

“My grandpa always wanted his grandkids to go into medicine and that’s exactly what I plan on doing,” said Doshi.

## PATHWAYS VOLUNTEERS: Dealing With Loneliness Helps Seniors Stay Independent and at Home

Benina Sanchez' change was "remarkable" after she was assisted by volunteers to "get out more."

Staff Report

Benina Sanchez had to learn how to live on her own after her husband passed away a couple of years ago. She has learned many new skills, but the hardest part of this new normal was dealing with the loneliness.

Recent studies show that isolation/loneliness among adults 50+ and older, is a growing epidemic and puts them 59% more likely to experience a decline in their ability to perform their daily activities. (National Institute on Aging Health & Retirement Study in the

Archives of Internal Medicine). Pathways Volunteer Coordinator, Meg Fisch, was contacted by a concerned family member and went out to meet with Benina. She observed that Benina was very upset, cried a lot and felt very isolated. She had a scooter to help her get around but didn't have a ramp that allowed access for the scooter. Meg was able to call in a trusted volunteer to install a new ramp for her. This enabled Benina to gain access in and out of her house with complete freedom.

Benina was also provided a volunteer who meets weekly with her to chat, run errands and occasionally take her out for a bite to eat. Benina says "My volunteers are my angels! I just don't know what I would do without them!"

When Benina's volunteer brought her to a recent Pathways event, the change in her was remarkable. She was dressed up, smiling and engaged in conversation... a complete contrast to how she was observed just a few short months ago. As we celebrate our nation's Independence, Pathways also celebrates the Independence of Seniors who are helped through their programs and services.

Pathways is a local non-profit organization committed to providing compassionate care to those living with illness and loss. If you would like more information on their services or on how to become a volunteer, please go to their website at [www.pathwayshospice.org](http://www.pathwayshospice.org) or you can contact them directly at 562/531-3031.

# Norwalk-La Mirada Unified Graduation Rates Climb to 94 Percent in 2014-15

Staff Report

Norwalk-La Mirada Unified boosted its graduation rates in 2014-15 to 94 percent through initiatives that integrated digital tools into classrooms, enhanced curriculum to improve critical thinking and teamwork, and personalized learning to meet the needs of each student.

The boost represents a nearly 10 percent climb in graduation rates over five years. "The District continues to strengthen our college and career pathways to ensure that all our students

are offered as many opportunities as possible to discover their passions and obtain an education that supports their dreams," NLMUSD Superintendent Dr. Hasmik Danielian said. "Congratulations to all of our esteemed Norwalk-La Mirada Unified graduates." The graduation rate for the District's three comprehensive high schools reached 96.2 percent. La Mirada High has graduated its seniors consistently above 95 percent since 2009-10, climbing to 97.8 percent in 2014-15. Norwalk High jumped to 95.8 percent and John Glenn High graduated 94.7 percent. Additionally, Southeast Academy, the District's high school focused on careers in law enforcement, military and related fields, has graduated 100 percent of its senior class since 2008. The rates are for a four-year cohort of students who enrolled in high school as freshmen in 2011-12. This is the sixth year California has used the method for measuring graduation rates, aided by a data system that tracks students when they switch schools, drop out or continue their education without graduating. The federal government now uses a similar four-year cohort model. "By personalizing our approach to education, we are providing more and more opportunities for our students to excel," NLMUSD Board President Karen Morrison said. "Our growing rate of students graduating high school is a testament to the excellent job being done by our dedicated teachers and staff." Norwalk-La Mirada continues to implement its 2020 Learning Initiative, which will provide students with the skills to use essential digital tools to increase their understanding of classroom subjects. By 2018, teachers, students and parents will have nearly real-time

access to current data on student learning performance and will use that data to personalize teaching and learning.

## BOWLS BY 39 DEGREES OPENS IN ARTESIA

Owners Paul and Kay Phiboolsook are all smiles for the opening day of their third sushi restaurant Bowls by 39. Photo by Tammye McDuff.

By Tammye McDuff

The city of Artesia can add another great restaurant to its list of places to visit. Last week Bowls by 39 Degrees opened their third sushi café in the area. "It is sort of like a sushi subway," said owner Paul Phiboolsook, "we serve fresh poke (pronounced po-kee), and offer our clients the opportunity to customize their own bowls, but if customizing gives you a migraine we have nine signature bowls to choose from."

Poke is one of the main dishes on the menu. Poke is a raw fish salad served as an appetizer in Hawaiian cuisine. Poke is the Hawaiian verb for 'section' meaning to slice or cut. Ahi poke is generally made with yellow fin tuna but in modern recipes raw salmon, octopus, and various shell fish can be used, generally any bite size appetizer seasoned with the common poke seasonings.

The café is small but the menu is big from Signature Bowls, Bowls Your Way, Fryer selections, Fried Sushi Rolls and lots of great extras from fresh edamame to beef teriyaki bowls. I strongly suggest, for your first visit, to order the Founders Favorite with white rice. A generous helping of Tuna, masago, avocado, and corn sprinkled just right with la vida loca sauce [Jabañero mayo]. I also added crab, cucumber, edamame, seaweed and mango. It was delicious.

Thursday, June 9th was the official opening with a ribbon cutting by the Artesia Chamber, with visits from the Cerritos Chamber of Commerce staff, friends and family. The first 39 customers received their orders for free. The 39th customer received a gift card and tee shirt.

The staff wear tee shirts that say "What's in yours?" When looking for a motto for Bowls by 39 Degrees several ideas were tossed about – "got poke?" or "got bowls?" – But when a credit card commercial came on asking "What's in Your Wallet?" the slogan "What's in yours?" was conceived. "When you come to dine with your friends, you can ask 'what's in yours?'" adds Kaye.

"Our taste is a bit different," says Phiboolsook, "we mix exotic taste from Taiwan and Japan to create a unique Asian fusion poke, taking the poke to the next level."

Don't think of Bowls by 39 Degrees to be just another fast food place, "We bring full service hospitality and combine it with great taste and fast service," said Paul, "we are not just fast food. We teach our staff to be friendly and provide excellent customer service."

## La Mirada to Enforce 4th of July Fireworks and Party Regulations

hosting large parties that disturb the peace may be billed for the costs of breaking up the party. Individuals who discharge fireworks or conduct celebrations on private property without the owner's permission will be cited.

Public drinking of alcoholic beverages and public intoxication are prohibited. All laws will be proactively enforced. Citations will be issued and arrests will be made for any violations.

Residents are encouraged to take an active part in reporting criminal activity. To report a crime in progress, dial 911. To report illegal fireworks or other criminal activity, call the La Mirada Community Sheriff's Station at (562) 902-2960.

up to 75% of the purchase price of new signage for local business. Bruce added, “The city can do a lot to bring new business to our community, but the bottom line is this ‘we’ the people that operate the businesses need to keep those businesses looking good and respect the properties.”

The City, in collaboration with the Cerritos Regional Chamber of Commerce, in looking to establish a Hawaiian Gardens Chamber, which will lead to better business owner communication and special events.

The council is currently working on the new budget. The city is looking to hire 15 additional employees, but this means almost \$1 million in additional payroll and benefits. Hawaiian Gardens employees 50 full time employees, 27 part time and 28-35 seasonal employees.

Bruce also stated that if anyone wishes to see how the money is being spent, the budget is readily available online or can be requested from the City Clerk. Many new programs and projects are being discussed and could be introduced within the year.

“Think about this folks,” said Bruce, “70% of our \$18 million budget comes from the Casino.” He also added that without the tax proceeds from the Casino, Hawaiian Gardens would literally not exist. He called for residents to be good stewards of what they have been entrusted with and to understand that it all must be done with a balanced budget, not reaching into the reserves.

The good news is that the City has \$15 million in reserve. Council has worked very hard to keep this, adding “Sometimes we have say “no” to special projects.” Although Bruce applauds a healthy reserve, he also states that nothing has

been added to this in the past few years. City Council would like to put at least \$1 million a year into the reserve.

The City currently pays over \$3 million a year for law enforcement. Bruce said, “and frankly our needs are not being met by this department.” He went on to say, “by and large you, the people, remind me of this on a daily basis, and I agree with you, but efforts are sabotaged by those who are in fear and rage over the fiscal mistakes of the past. Rather than taking a look at realistic alternatives for the future, some people would rather complain, bring discord and problems.”

“And so we come to the ugly part of the address,” said Bruce. “There will always be self centered and dishonest individuals among us disguised in many ways. We the people must expose them and rise above them. I am speaking of those selfish people who deface the walls of our city with graffiti and cost taxpayers thousands of dollars a year. Those who pollute our city and drive away business and promote crime. Those who carry out violence and bring danger to our streets, our families and our children. I am speaking of those who bring drugs into our city and steal from our neighborhoods. And dangerously race cars through our streets. Those among us who use their position of influence to propagate lies, spread rumors, and push their own agendas.”

Bruce called for residents to stand up against this kind of madness and take back the City. Bruce concluded by saying “I am not a rich man, but I am an honest man and I will always tell you the truth, even though the truth can be ugly. I have served our city for 33 years. I will always look out for the best interests of Hawaiian Gardens and do my best to put our people first.”

# Los Alamitos Medical Center Collected 2,836 Servings of Cereal and \$1,199 Through its "Healthy Over Hungry" Cereal Drive

LOS ALAMITOS, CA – June 14, 2016 – Los Alamitos Medical Center is pleased to announce that it collected 2,836 servings of cereal and \$1,199 to provide area children and adults struggling with hunger with a healthy breakfast during the summer through its "Healthy Over Hungry" Cereal Drive benefitting Summer Harvest. The drive ran June 3-10, 2016.

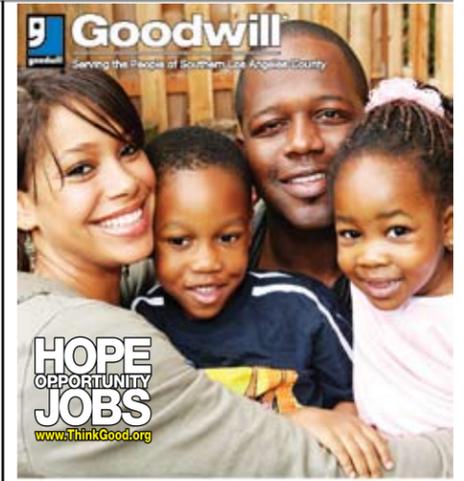

"I am so proud of all of our colleagues at Los Alamitos Medical Center for tackling childhood hunger through our "Healthy Over Hungry" Cereal Drive," said Kent Clayton, chief executive officer of Los Alamitos Medical Center. "Helping others is at the heart of what we do every day at our hospital. Because good nutrition is essential to good health, we wanted to help lead the fight against hunger in Los Alamitos and our local communities and make a difference for families who need help."

The generous donations by physicians and staff will help provide a healthy breakfast for so many who are struggling with hunger this summer. Summer is a particularly tough time for many food-insecure families because children can no longer rely on the schools for nutritious meals putting an added burden on these families.

**PREMIER GIRLS FASTPITCH SOUTHERN CALIFORNIA QUALIFIER**

**ANOTHER TWO AND OUT PLAGUES SHORTHANDED ARTESIA PUNISHERS GOLD TEAM**

By Loren Kopff  
@LorenKopff on Twitter

HEMET-The Premier Girls Fastpitch has been around for seven years and in all but one of those years, Bob Medina, the manager of the Artesia Punishers 18 Gold travel softball team has participated in its Southern California Qualifier, among other qualifying tournaments. But Medina did something last weekend at Diamond Valley Lake Community Park that none of his previous teams had ever done.

The Punishers failed to win a game in the So Cal Qualifier, losing to the (Orange) Southern California A's, managed by Peter Vecvanags, 6-0 last Friday, then being sent home early by the (Agoura Hills) Jets 3-2 last Saturday morning. Medina's teams have failed to earn an automatic berth to the PGF National Championship from the So Cal Qualifier and from 2010-2014, had gone 12-8 in So Cal Qualifier games.

"Yesterday was frustrating also because I know we have a younger class like I said and I don't want to keep going back there, but the younger ones are expected to hit the ball," Medina said. "They're good; we put them on the team because they can hit. I think the pressure in this situation is tough and I told them that they need to make sure that they do always hit the ball. If we don't support our pitcher, we're not going to win. Offense wins the game."

The Jets took a 1-0 lead in the top of the first inning when pitcher Leah Gonzales (Banning High/University of Hawai'i, Hilo) walked Khenedi Johnson after an eight-pitch battle. Following a sacrifice from Gabi Hirsch, Johnson stole third and

scored on a groundout from Sage Miller.

But the Punishers rallied back in their half of the frame. On the first pitch, short-stop Alexxis Ponce (Santa Fe High/Portland State University) doubled to center. Two outs later, catcher Shayna Dahlen (Villa Park High/Idaho State University) launched a shot that snuck in just to the right of the left field foul pole for a two-run home run. Dahlen had only 90 minutes of sleep early Friday morning because of her graduation night festivities Thursday night, but managed to make it in time for the game against the So Cal A's.

"What a great response," Medina said. "Her responding, coming back with that two-run home run, was kind of the way I thought the game was going to go all the way through. We kind of died a little bit, but...she has the potential to do that all the time."

However, the Punishers would be limited to three hits the rest of the way, all coming with two outs. After Vanessa Dwyer had retired nine straight following the home run, left fielder Alexis Sargent (North Torrance High/Hope University) and right fielder Yamila Evans (St. Monica Academy) each singled but would be stranded. The same would happen to Ponce in the fifth inning and Sargent in the sixth after she was walked.

Meanwhile, Gonzales was doing her part to keep it a close game. She pitched a perfect second inning and got great catches from Ponce and Sargent in the process. In the fourth, Hirsch sent a little flare just behind the outstretched arms of Sargent and eventually tied the game on a single from Nathalia Velasquez.

The Jets would score the game winner in the sixth when, with two outs, Gonzales walked Johnson for the second time. She would steal second and was moved to third on a sacrifice from Hirsch. But an overthrow in an attempt to get Hirsch out allowed Johnson to come home. The play proved to be costly because on the next pitch, Miller grounded out.

"When she bunted, I thought we had them handled," Medina said. "When she bunted, all of the coaches were yelling, 'eat it, eat it, don't throw it, don't throw it'. It was an off-centered throw and she was safe already. There shouldn't have been a throw."

Gonzales, who faced the Jets just six days prior, pitched six solid innings, threw 82 pitches and allowed just three hits.

"We played them [last week] and she pitched a couple of innings," Medina said. "She only had an hour and a half of sleep coming in from grad night. I said if I pitch her again, she's going to be my 'go-to'. Not only that, it's going to pep her up a little bit so that she has the will to do it. She did a fabulous job and we told the girls that they had to score to give [Leah] support."

The Punishers, as has been the case since last month, haven't had their full squad together and had 15 players for the game against the Jets and 11 players out of the 23 that are on the Gold team as well as the Red team, were in Hemet for both games. In the first game, a dozen players suited up and the Punishers were missing six starters.

The team was limited to just two hits against the So Cal A's and the first eight batters were retired before Jessica Delgado

(El Rancho High/Arizona Western College) and Ponce singled with two outs. The only other runner to reach base was catcher Crystal Carillo (Warren High/Odesa College), who was safe on an error with one out in the bottom of the fifth.

"You have to remember we had a young squad coming in the last couple of years," Medina said. "But that young squad is all seniors now. So, the coaching staff in us kind of took our lumps years before. But we had that squad. We have that championship squad. We just can't get them here. We didn't realize that was going to be our problem at this point."

"It's been a frustrating month for us and for the coaches too," Medina later added. "The coaching staff...what a great support. They've been here every day working hard. We're really working hard on the younger group also. I'm not going to make excuses for this, but we have kids who are out and we're still not at full throttle. And it's difficult that you're missing that key hit."

After going two and out in the Arizona and So Cal Qualifiers, the Punishers will hope to do much better this weekend in the Las Vegas Qualifier, where four automatic berths will be up for grabs.

"What I expect is that they all come out [with] good camaraderie, good gelling, doing it for the team and doing it for everybody," Medina said. "Play for each other, play like it's your last game. Have fun and remember this moment for the rest of your life."

## PREMIER GIRLS FASTPITCH SOUTHERN CALIFORNIA QUALIFIER

# ARTESIA PUNISHERS 16-UNDER TEAM FAIL TO GET TIMELY HITS IN TOURNAMENT OPENER

By Loren Kopff  
@LorenKopff on Twitter

IRVINE-The Artesia Punishers 16-Under travel softball team already knows it will be playing in the Triple Crown Sports World Series in Park City, Utah next month. After failing to qualify for the Premier Girls Fastpitch National Championship at the Northern California Fresno Qualifier the weekend of June 10-12, the team was hoping for better results in the Southern California Qualifier last weekend.

But the team fell into an offensive funk last Friday afternoon and lost to the (San Marcos) Southern California Breakers 5-1 at Bill Barber Park. The Punishers were then eliminated by the (San Diego) Epoch 5-4 the next morning.

“We started off really bad in Fresno and finished off really well,” said Punishers manager Armando Canizales. “But we’re not healthy with our bats. We need to get our bats going. I just think it’s the maturity level right now. I think at this age group, you’re either an athlete or there’s too many things going on in

your personal life that you have to worry about.”

In Fresno, the Punishers went 2-2 and scored seven runs in the two victories, but were outscored 6-2 in the two losses. Against the So Cal Breakers, the Punishers found themselves down 2-0 after half an inning before striking back in the bottom of the first. Center fielder Amanda Canizales (Whittier High) reached on a fielder’s choice, moved to second on a base hit from third baseman Savannah Flinn (Beaumont High) and came home on a base hit from first baseman Kylee Perryman (Millikan High).

After that, the bats went relatively silent. The Punishers would collect four more hits the rest of the way and had a total of five base runners over the final six innings. The best chance to score came in the fourth when right fielder DeAndria Lockett (Hawthorne Math and Science Academy) doubled to the centerfield fence with one out and catcher Nikki Aldecoa reached on an infield single with two outs.

“I just felt the lack of athleticism with

the players...for them to press and feel the pressure to play, I just don’t see it,” Armando Canizales said. “I think that’s one of the hardest things to coach. That goes within you being an athlete and not being an athlete.”

The Breakers would put more pressure on pitcher Rachel Rubio (Millikan High) in the second and third innings by scoring three runs, two of which were solo home runs from Bella Chadwell and Rachel Wilson. But after Shelby Smith doubled after seeing eight pitches, Armando Canizales made a pitching change, bringing in Kirsten Hernandez (Lakewood High). In five innings of work, Hernandez allowed a two-out single to Gabrielle Russell, which plated Smith, and a two-out single in the seventh.

“I think Rachel was a little bit shaken up, a little nervous about the whole situation of getting the start,” Canizales said. “Her curveball wasn’t working; it was staying up. Most of her pitches were staying up and that was the biggest problem.

“[Kirsten] has been like that all year

long,” he added. “She comes off as a middle reliever and has been awesome with her control. It was hit and miss. Maybe we could have been down two runs, change the whole outlook of the game.”

The Punishers got out to a big start against the Epoch last Saturday morning, scoring three runs in the bottom of the first. However, the Epoch responded with four runs in the top of the third before the Punishers tied the game in their half of the inning. But the Epoch pushed across the winning run in the fifth and held on for a 5-4 win. The Punishers collected nine hits with Perryman getting a pair. Now, the team will get tons of practice in preparation for the Triple Crown Sports World Series, which will be played July 11-16.

“We were fortunate with that invitation,” Armando Canizales said. “[But] when you come to PGF, you have to be in top notch [condition]. You can’t be guessing. It takes a lot of work.”

# La Mirada Residents Complete Disaster Response Training Course

La Mirada's Community Emergency Response Team (CERT) welcomed its newest members on June 18 following their completion of a 20-hour training program offered by the City of La Mirada and the Los Angeles County Fire Department (LACFD). The program teaches residents basic disaster response skills, such as fire safety, search and rescue, team organization, and disaster medical operations.

For the final class, participants put their skills to the test through a search and rescue simulation. Volunteers played the part of injured victims in need of medical treatment. CERT trainees organized a search and rescue mission

and went through each room to locate victims. Trainees also executed a triage system where they prioritized the victims based on their injuries and prepared them for treatment and evacuation.

The LACFD offers free CERT training courses throughout the year. To view a list of upcoming classes and register, visit [www.fire.lacounty.gov](http://www.fire.lacounty.gov) or call (562) 902-2960.
