## BUILDING THE HEART OF NORWALK

**NEW DISTRICT:** The community vision for the Town Square District shows a reimagined shopping center surrounding a large public plaza, a mixed surface of grass and hardscape, trees, decorative landscaping, a stage, and water features. The commercial space includes a prime tenant and a mix of other retail stores, residential apartments, restaurants, and entertainment venues. Structured parking is provided at both the north and south ends of the project.

## Asm. Cristina Garcia Used Taxpayer Funds to Send Out Campaign Mailer to 75,000 Homes

A Legislative Open Records Request by HMG-CN shows the mailer cost nearly \$25,000 and violated California's Political Reform Act.

“If it looks like a duck and walks like a duck, it is a duck.”

By Brian Hews

Former 47th Congressional District candidate and current Assemblywoman Cristina Garcia used the word BASTA! [Enough!] to make her climb up the political ladder.

Always calling herself a

“champion of the people,” her website splash page proclaims, “Restoring the people’s trust in government, say BASTA!, enough to government corruption.”

On another page, she touts her ethics, “Among her accomplishment are the landmark Political Conduct, Ethics and Public Trust Acts of 2014. These laws demand increased accountability and promoted transparency and trust in state and local government.”

Garcia’s political and personal life have not followed her proclamations on her website; her ethical lapses have been well documented by HMG-CN.

And in April of this year,

Garcia added to her voluminous list of ethical failures.

Hews Media Group-Community News has obtained a pamphlet mailed by Garcia in early April 2022 to thousands of district-area homes; a well-thought-out “2022 Legislative Priorities” pamphlet designed to hide the real purpose of the mailer and skirt the Fair Political Practices Commission rules on prohibited campaign mailings at taxpayer’s expense for an upcoming election.

A subsequent Legislative Open Records Act (LORA) request revealed that her mailer was sent via USPS to 75,840

## Sarega Wins in La Mirada With 296 Votes, Commerce’s Leonard Mendoza is Out

By Brian Hews

Voter apathy hit the city of La Mirada with a vengeance, where it only took the acerbic Andrew Sarega to garner 296 votes to win a city council district.

Residents who came out and voted brushed off the many fallacies of Sarega and his obnoxious father, not paying attention to the fact that the younger Sarega had missed nearly a year and a half of city council meetings in the past few years, while also getting fined by the Fair Political Practices Commission for campaign donation violations.

Sarega, who has never served as mayor, will likely not get that opportunity given his behavior and absences.

In other election news, residents of Commerce are relieved that Leonard Mendoza lost, they were three council seats available; winners are Mireya Garcia, Kevin Lainez,

## Councilman Mendoza Has Ten Voters Registered at His 500 S.F. House in Commerce

By Brian Hews

Hews Media Group-Community News has obtained a document from a well-known political data source that shows Commerce Councilman Leonard Mendoza could be committing voter fraud and voter rigging.

The revelation comes on top of several other stories HMG-CN has exclusively reported: Mendoza was fired from his job at the city of Commerce after an investigation found “systematic” harassment and intimidation by Mendoza on his employees; using his truck to harass and intimidate a competitor running against him for council while his family was with him on the night of the Uvalde hearing, and violating the Commerce Municipal Code regarding the publishing of the City Seal on his campaign materials while calling himself mayor-when he was removed

## The Artesia Historical Society is Back... Like It Never Left!

By Elaine Burdick,  
Artesia Historical Society

After more than two years of inactivity due to covid 19 protocols, the docents of the Artesia Historical Society were thrilled to welcome a school tour back to the local museums.

As soon as the ABC Unified School Board of Education approved a return to off-campus field trips, Luther Burbank 3rd grade teacher Ranida Myers scheduled a visit for her class and the class of 3rd-grade teacher Patricia Minnehan.

On May 11, 2022, the forty-some students, along with their teachers and adult chaperones, walked to the Artesia Museums to enjoy a “step back in time.”

During their fun-filled morning, all students toured the 1929 house, taking time to view the Spanish architecture, vintage kitchen items, an antique wall telephone, an early ice box (with the brand name “Refrigerator”), a working typewriter, a telegraph key, and a vintage Singer treadle sewing machine.

One highlight of the house tour is the “hands-on” display, which allows the students to handle and take a close-up view of items such as wooden shoes, flat irons, and vintage roller skates.

A new addition to the artifacts is a collection of “Festa” gowns and crowns on loan from the local Portuguese community.

These items were used as part of the annual Festa do Divino Santo (Feast of

the Holy Spirit), which honors Queen Saint Isabella for offering her crown to the church in return for an end to a terrible famine in Portugal.

While still in the house, visitors gather in the parlor to create a craft. Each student is guided to create a fan-fold post card detailing a brief history of the greater Artesia-Cerritos area. Beginning with the local Native American peoples, a series of captioned pictures include the nearest mission, the 1875 founding of Artesia’s first school, a reference to the dairy business, and the Artesia Water Tower, among others.

In addition to their time at the House Museum, visitors are escorted just around the corner to Old Fire House 30. Inside the Old Fire House they may view a collection of fire prevention-related materials. In the truck bay, a favorite item is the 1941 restored Fire truck, complete with ladder and siren. Historical photos, collections, and military memorabilia are also on display. Other rooms house items of local interest. In the kitchen, the hand painted menu from the long-time local café “Hank’s” is popular. Students are always intrigued by the 1960’s prices. Memorabilia from the Artesia Dairyland Fair and parade, vintage farm implements, and items from the medical office of Dr. Pliny Fisk Haskell are among the items on view in the dormitory.

Outside the Old Fire House, school visitors are encouraged to participate in games typical of the 1929’s time period. As an introduction, docents will note that children of the past typically played outside (they did not have video games and/or television), and they often created their own games. Visitors may play horseshoes, drop the clothespin in the

bottle, ring toss, or beanbag toss. Games area ALWAYS a favorite of the students!

The school tours are an integral part of the mission of the Artesia Historical Society, which includes the goals of preserving and sharing past elements of the local area with the current community. This tour was structure specifically to fulfill part of the State of California curriculum for social studies in the third grade, which requires that all third-grade students be instructed in local history.

The Artesia Historical Society is pleased to be able to provide all local schools with this opportunity.

All Society members are volunteers, and events such as school tours could not occur without school docents' commitment. At the May 11 tour those included Elaine Burdick, Pam Crawley, Bill Morey, Marian Rusting, and Ed

Ware. Volunteer docents are always welcome, and training is available. Interested parties may contact Ed Ware at 1-562-400-9581.

The Burbank Elementary tour was the last and only tour arranged for this school year. It was viewed as the culmination of the current school year, and also as preparation for a robust, active school tours program for the 2022-23 school year. At this time, the public is welcome to visit both museums free of charge on the second Saturday of each month from 1p.m. to 3 p.m.

*The museums are located at 18644 Alburdis Avenue, Artesia, CA (House Museum) and 18611 Corby Avenue, Artesia, CA (Old Fire Station #30).*

## Pico Rivera Will Start Summer Lunch Program June 13

By Brian Hews

At its last council meeting, the city of Pico Rivera voted to restart their Summer Food Service Program, which is funded by the United States Department of Agriculture.

The agreement is with Foodservice Outreach, Inc. D.B.A., Pacific Catering Company with the 2022 vended meal cost estimated to be \$76,000.

Foodservice Outreach is the current provider for the Los Angeles Regional Food Bank (over 75 sites), Boys and Girls Club of La Habra, and the cities of La Habra, Montebello, Placentia, and Alhambra.

For the past 13 years, the city has operated an SFSP successfully with Foodservice Outreach as the program's food service vendor.

The SFSP is an important program, providing free meals to children 18 and under throughout the summer months to ensure that they have access to healthy, nutritious food while school is not in session.

In 2021, nearly 60,000 meals were served through the SFSP. The

he SFSP will provide youth with free breakfast and lunch five days a week, Monday through Friday at four parks: Pico, Rio Hondo, Rivera, and Smith parks from 8:00-9:00 a.m. for breakfast, and from 12:00 p.m.-1:00 p.m. for lunch.

The program will begin on June 13, 2022, and run through August 5, 2022, the start of the school year.

The agreement requires the vendor to deliver meals directly to meal sites, provide a mixture of nutritious hot and cold meals at a set price, and to furnish the equipment necessary to maintain food temperatures at mandated levels per local and State guidelines.

## New Parking Permit District for Bellflower

By Tammy McDuff

The Public Safety Commission, at their regular meeting held February 15, heard testimony and voted to establish a new permit parking district on Orchard Avenue between Flower Street and Laurel Street.

Each household in the newly established area would be required, if they parked on the street, to obtain a residential parking permit at an annual cost of \$50 per permit for each of the first two permits.

If the household requires more than two permits, the cost increases to \$100 for the third and \$200 for the fourth permit with a maximum of four permits per dwelling. If an annual permit is purchased after June 30, the permit holder will only pay half of the regular fee for the annual permit.

The City received a petition signed by six residents that requested the installation of this permit parking. The Safety committee heard the public testimony and voted to approve the permit parking. The committee did acknowledge that the interest in this permitted parking is below the minimum needed for approval. As stated in the staff re-

## Cerritos' Yokoyama Holds First AAPI Leadership Awards

**CERRITOS CITY COUNCILMAN** Frank Yokoyama held the first annual Asian American and Pacific Islander Leadership Awards Tuesday evening, May 31 at London's Pub and Grill in Artesia. "We are here this evening to celebrate the AAPI leadership in our area, not only elected officials, but student leaders as well," said Yokoyama. "Asian American Pacific Islander month is celebrated in May for the contributions that these individuals have added to the history, culture and achievements of the United States." Those attending were (l-r) former Cerritos Mayor Mark Pulido, Conner Traut, Buena Park Council; Farrah N. Khan, Irvine Mayor; Yokoyama; Hay Chen; unnown; Jeff Prang, LA County Assessor; Victor Manalo, former Mayor of Artesia.

port "Thus, only the identified block on Orchard Avenue [100% approval by affected residents] was recommended by the Commission for Council approval."

Residents were concerned by the lack of available on-street parking and safety concerns of non-resident vehicles parking and loitering in the area. It was reported that on numerous occasions, Public Safety staff witnessed and con-

firmed the residents' concerns.

Permit parking means that vehicles parked on this section of Orchard Avenue would require a rearview mirror hanging permit issued by the city to be displayed in the vehicle, this would be a permit that could be switched among vehicles as necessary. Single-day guest permits would also be available to each household at no cost.

**Trucks on Bloomfield**

**Dear Editor:**

I was recently alerted by a neighbor regarding a news article in the Community Newspaper which stated that council member Barrows is contemplating the idea of reinstating the truck route on Bloomfield Ave.

If you remember, the council voted to ban trucks based on a sound level study that was conducted and paid for by the city that showed noise levels exceeding state limits. It also showed a dramatic increase in the amount of trucks traveling on Bloomfield Ave.

This was before Mr. Barrows became a councilmember.

It seems that currently, the biggest complaint against the ban of trucks, is financial.

I've only seen sheriffs stationed on Bloomfield Ave a few times with a focus on cars. I've also seen a dramatic decrease in the amount of trucks traveling on Bloomfield cutting the need for

sheriffs to patrol Bloomfield

Obviously it would take a couple of years before the trucks become aware of the ban and the mapping companies providing GPS information

It's been two years since that time and it seems like Mr (Daryl) Evans was correct in his assessment, the truck traffic has slowed considerably therefore reducing the need for the sheriffs to patrol the street.

The article in the Community News also states that Mr Barrows case was based on false information assuming the expense to be five times more than the actual amount which was carefully corrected by Mr. Evans.

We truly hope that the Mayor and Council are not in favor of returning Bloomfield Ave to a truck route since they gave us support of the ban.

Over 2,000 residents are living along Bloomfield Ave and would be very appreciative if you would help support the keeping of the route.

Chris C.,  
Cerritos

**Dear Editor:**

My name is Charles, a long time resident of Cerritos.

I have lived here in Sundance for 14 years. Every year it seems truck noises and vibrations coming from Bloomfield Avenue has gotten worse.

But to years ago, Bloomfield residents, with the help of Cerritos City Council, took action against these problems.

Please do not reinstate the truck route on Bloomfield Ave! I just don't think I could live here another year listening to truck noises and vibrations again.

Your help with this matter will be greatly appreciated.

## New England Journal of Medicine: Overweight Lost 35 to 52 Pounds on Newly Approved Diabetes Drug

A weekly dose of a medication recently approved by the FDA to treat type 2 diabetes may help adults without diabetes lose weight as well, a new study found.

Tirzepatide, which is sold under the brand name Mounjaro, was studied in people without diabetes in three dosages: 5, 10 and 15 milligrams.

Participants with obesity or who were overweight and took the 5-milligram dose lost an average of 35 pounds; 10-milligram lost 49 pounds; 15-milligram lost an average of 52 pounds.

"Almost 40% of individuals lost a quarter of their body weight," said coauthor Dr. Ania Jastreboff, codirector of the Yale Center for Weight Management in a briefing for the media.

"The weight loss that they got in this study was even greater than what had been seen in the previous studies of people with diabetes," Gabbay, who was not involved with the study, said.

"The middle range of weight loss for people in this new study was 49 pounds -- 49 pounds is a lot," he said. "It's the range of weight loss that we typically think only possible through surgery."

All in all, people without diabetes lost an average of 15% to 20.9% of their starting body weight over the course of the 72-week double-blinded, randomized clinical trial, which was published in The New England Journal of Medicine. Participants who got a placebo lost between 2.4% and 3.1% of their body weight, on average.

In comparison, studies on people with diabetes who used tirzepatide found they

lost an average of 15% of their starting body weight, Gabbay said.

"This is a not uncommon observation," he said. "The impact of previous weight loss medications are less effective in people with diabetes, and we honestly don't know exactly why."

However, the impact of tirzepatide on people with diabetes is still "profound," Gabbay said, "providing much more than other tools that we've had."

### Self-injected dose

For the new study, weekly injections of tirzepatide were tested in more than 2,500 people without diabetes who had a body mass index (BMI) over 30 or who were over 27 BMI and had at least one weight-related health condition such as high blood pressure, high cholesterol or cardiovascular disease. A measure of a person's height-to-weight ratio, a BMI of 25 or higher is considered overweight in adults.

People in the study also received counseling sessions to help them stay on a healthy diet with a daily 500-calorie deficit, as well as at least 150 minutes of physical activity each week. While that certainly helped, it does not explain the magnitude of the weight loss seen in the study, Gabbay said.

The most common side effects reported were nausea, diarrhea and constipation. Between 2.6% and 7.1% of the participants discontinued treatment due to adverse events.

Mounjaro carries a boxed warning about thyroid tumors and should not be used by people with a family history of certain thyroid conditions.

## Norwalk Public Safety Officers Save a Life

**NORWALK PUBLIC SAFETY** officers were flagged down by a resident regarding an unresponsive individual they kept the person alive while the fire department responded. The person is doing well.

The City of Norwalk would like to thank Public Safety Officers Ruelas and Castaneda for their great actions in saving an individual's life last week.

While patrolling the area near Firestone Blvd. and Orr and Day Rd., Officer Ruelas was flagged down by a resident regarding an unresponsive individual laying on the floor.

Officer Ruelas quickly jumped into action to aid the individual by turning the person to the side to prevent any possible choking.

Meanwhile, dispatcher Cynthia Perez quickly provided the exact location of the area to request further support. Officer Castaneda arrived at the scene before paramedics and assisted Officer Ruelas.

Fire Station #20 arrived on the scene and were able to take over the situation. The individual was transported to Norwalk Community Hospital and is doing well thanks to the Officers' fast thinking and quick actions.

## First Detection: West Nile Found in Dead Crows in Sepulveda/North Hills

### Staff Report

Santa Fe Springs, CA – The Greater Los Angeles County Vector Control District (GLACVCD/District) has confirmed the first detection of West Nile virus (WNV) activity in Los Angeles County.

The virus was detected in three dead American crows collected in the neighborhood of North Hills (91343) on May 26.

This confirmation serves as the District's first detection of West Nile virus activity.

Mosquito samples have not tested positive for the virus within the surrounding community, nor in Los Angeles County.

The dead bird surveillance program serves as an early warning detection tool that helps identify when the virus is actively being transmitted within the bird population.

The three dead birds were collected, shipped, and tested at the UC Davis Arbovirus Research and Training Laboratory which provides testing for multiple vector control agencies. "American crows can fly up to 40 miles each day from overnight roosting sites, so while there has not yet

been virus activity detected in mosquito populations in Los Angeles County, this confirmation serves as an alert that mosquitoes may soon become infected and residents should take precautions," said Director of Scientific-Technical Services Steve Vetrone.

One in five persons infected with the virus will exhibit symptoms. Symptoms can include fever, headache, body aches, nausea, or skin rash. These symptoms can last for several days to months. One in 150 people infected with the virus will require hospitalization. Severe symptoms include high fever, muscle weakness, neck stiffness, coma, paralysis, and possibly death. If residents feel they are experiencing symptoms, it is strongly recommended to consult their primary care physician. Residents can help by: eliminate standing water in clogged rain gutters, rain barrels, discarded tires, buckets, watering troughs or anything that holds water for more than a week.

homes, at a cost to taxpayers of \$20,840, and cost nearly \$4,000 to print; \$25,000 authorized and paid for by Speaker Anthony Rendon’s office.

Records obtained via a LORA show the Assembly spent nearly \$25,000 for Garcia’s mailer.

Garcia’s mailer clearly violated three of the four criteria for a prohibited mass mailing at public expense under Fair Political Practices Commission Section 18901.

If the item is tangible, like a pamphlet, and is sent to a residence, 18901 violation. If public funds are used, violation. If more than 200 were mailed, violation.

But it could turn out that hitting .750 isn’t good enough for the FPPC.

Section 2 of 18901 states, “The item [pamphlet] sent either: (A) Expressly advocates the election or defeat of a clearly identified candidate or the qualification, passage, or defeat of a clearly identified measure (B) When taken as a whole and in context, unambiguously urges a particular result in an election.

**Holding Government Accountable?**

Garcia’s mailer was 12 tall x 10.5 wide folded; on one side of the front was the Assembly Seal, her name, and a USPS stamp, “US POSTAGE PAID STATE OF CALIF. ASSEMBLY,” all violations.

On the middle-left was much larger font proclaiming, “2002 Legislative Priorities Inside.”

On the inside, a letter from Garcia states, “Dear friends, excited to share some legislative priorities for the 2022 legislative year. Browse below to read about bills in the legislature expected to impact the district positively. These bills deal with helping

**PAID FOR BY YOU MS./MR. TAXPAYER**

Stamp on mailer clearly shows who paid. Republicans mad?

women and children, improving public health and the environment, and holding the government accountable to you.”

The mailer listed seven bills under Legislative Priorities 2022 with a brief description for each, ending with “For more information visit ASMDC.ORG/GX.

But a closer inspection of each bill on the website leginfo.legislature.ca.gov shows that Garcia either co-sponsored or introduced every bill.

AB 2320; AB 1778; AB 2214; AB 351; AB 2124; AB 1857. You can find these at loscerritosnews.net

In the letter, Garcia did not instruct recipients to go to leginfo.legislature.ca.gov to easily look up the bill, instead referencing the ASMDC.ORG/GX address.

Navigating to ASMDC.ORG/GX redirects a user to Garcia’s main Assembly 58 website.

**Magic Words**

Subsections of Section (2) state, “The determination of whether a communication ‘expressly advocates’ is relatively straightforward and is based on whether it contains so-called magic words of advocacy such as: Vote For; Elect; Support; Cast

**PAID FOR BY YOU MS./MR. TAXPAYER**

LORA request shows the 75K+ mailers costing nearly \$21,000

Your Ballot; Vote Against; Defeat; Reject; or Sign Petitions For.

Ironic how a government agency is trying to shorten the wording of a violation.

Garcia’s own words in the mailer, “expected to impact the district positively,” and, “these bills deal with helping women and children, improving public health and the environment, and holding the government accountable to you,” could certainly be shortened to the FPPC Speak words of Vote For, Support, and Cast Your Ballot.

**Unambiguously**

Under 18901, an item unambiguously urges a particular result in an election if it meets either of the following criteria:

(1) It is clearly campaign material or campaign activity such as... other mass media advertising. (2) When considering the style, tenor, and timing of the communication, it can be reasonably

characterized as campaign material and is not a fair presentation of facts serving only an informational purpose.

“Not a fair presentation of facts... serving only an informational purpose.”

Bills on mailer informational?

Another subsection states that factors to be considered include whether the item was a mailing sent at public expense that features, or includes the name, office, photograph, or other reference to, an elected officer affiliated with the agency which produces or sends the mailing.

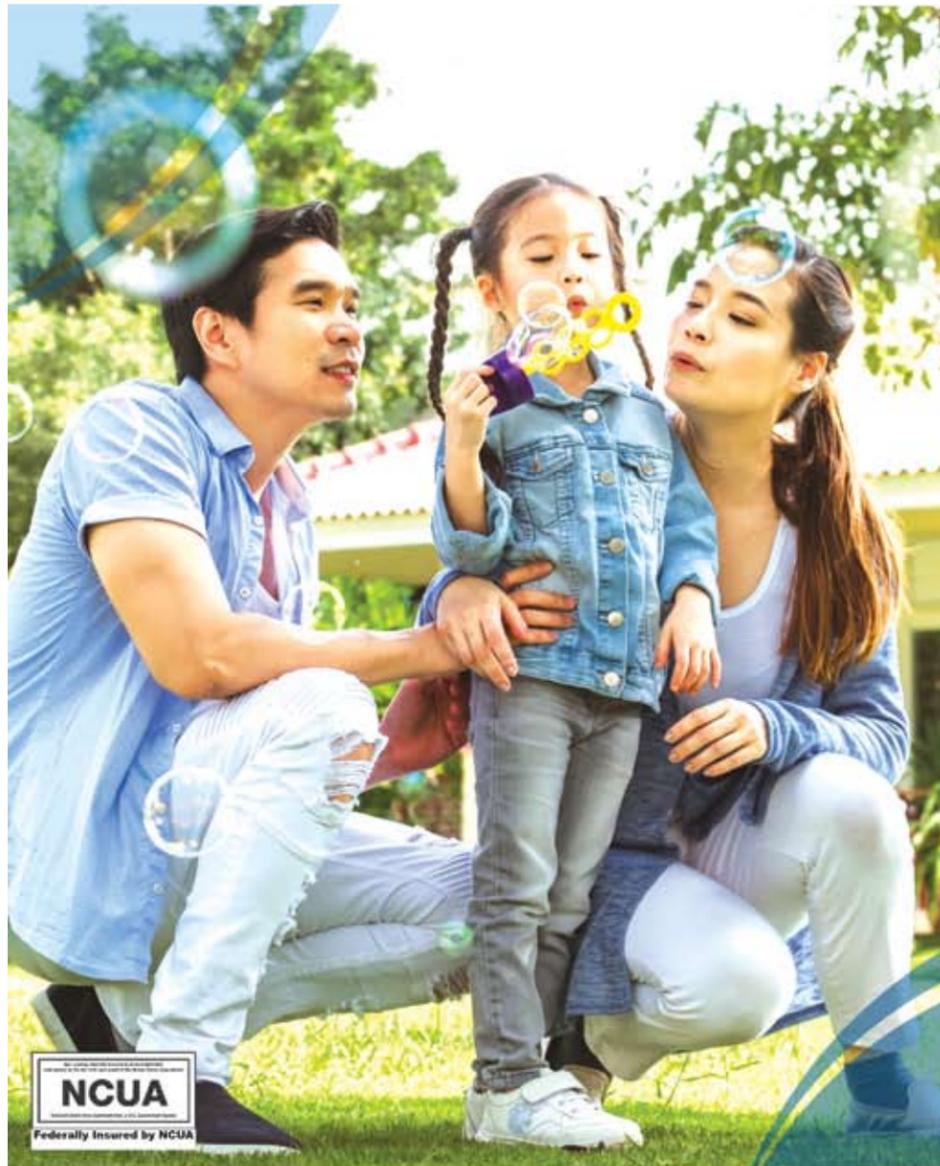

The Assembly Seal, Garcia’s name and address identifying her as the Assemblywoman, and the PAID STATE OF CALIF. ASSEMBLY, can be found on the front of the mailer.

That inclusion also places the Assembly and the office that sent out the mailer in violation of Sections 18901 and 89001.

# Laguna Beach's Pageant of the Masters Celebrates 90th Anniversary

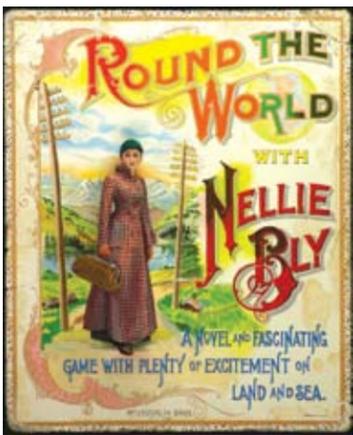

Enjoy art that comes to life under the stars in the Pageant's outdoor amphitheater.

BY BRIAN HEWS

**J**oin the Festival of Arts in celebrating 90 years of art. Set in a beautiful open-air gallery, this highly acclaimed juried fine art show features the work of over 100 award-winning Orange County artists.

From paintings, glass, ceramics, photography and more, the Festival showcases a variety

of mediums and artwork styles for avid collectors and festival-goers to browse and purchase directly from the artists. In addition to the artwork on display, visitors can enjoy art demonstrations, live music performances on select days, opportunities to meet the artists and more.

Ninety years ago, the United States and the world were suffering from the tight finances, scarce resources, and emotional turmoil of the Great Depression. Even so, artists arriving in Laguna Beach were inspired by the coastline, the rambling hills, the vibrant and ever-changing ocean, and the freedom to follow their dreams. And in 1932,

a group of those artists banded together to find a way to raise spirits and, they hoped, sell some of their art.

Elaborating on newspaper editor Sumner Crosby's idea for an "Intellectual Carnival," local artist John Hinchman presented plans for a weeklong "Festival of the Arts." The Laguna Beach Art Association and City Council supported Hinchman's idea.

That summer, while around two dozen artists hung their paintings on fences, trees, and buildings along Laguna's main street, hoping to lure tourists to the first Festival of Arts, other artists opened their home-studios to the public. Music, colorful signs and banners, parades and entertainment added to the celebratory ambiance of the event, which turned Laguna Beach into one enormous art gallery. Many artists happily arranged their easels and chairs and painted throughout the festival. And, yes, some even sold their paintings. It was an auspicious start to the Laguna Beach Festival of Arts.

Opening day was on August 13, 1932 and Flower Market by Virginia Woolley, was one of the first paintings sold. It is now in the Festival of Arts' permanent collection and was featured as the 1999 Festival of Arts poster.

Today, the Festival of Arts Permanent Collection, expanded annually through purchases made from the exhibiting artists' work, contains more than 1,000 pieces of fine art: paintings, sculpture, ceramics, glass, even furniture and jewelry – a collection as eclectic as the festival

itself. In the collection's trust is the Lorna Mills Collection; upon her death, bank president Mills entrusted her entire collection of paintings to the Festival of Arts.

The Festival's Collection is housed at foaNORTH and occasionally loaned to local institutions like the Laguna Art Museum and Laguna Beach City Hall and others.

In 1933, the artists staged a publicity stunt (the first of many) to draw attention to the exhibit. A parade of local volunteers costumed as characters in famous works of art – Whistler's Mother, Mona Lisa and Atlas, among others – marched downtown along the Coast Highway to the location of the 2nd Festival of Arts, where they later appeared, one at a time, inside a tiny, booth-like set, holding their poses as tableaux vivants -- "living pictures." Together, the parade and show were entitled "The Spirit of the Masters Pageant."

The show was so brief that the audience didn't even sit down to enjoy the spectacle; they merely took a break from viewing the artists' displays to peek at the "living pictures." Local vaudevillian Lolita Perine, and businessmen Howard Sheridan and Roy Ropp all had a hand in that first, inauspicious presentation. This effort brought volunteers and artists together; the sense of spirit and community prevailed, and organizers felt the Festival was worth trying again the next year.

In 1935, Roy Ropp took charge of the "living pictures" and transformed their presentation, with help from his wife Marie, into a full production with

music, narration and painted backdrops. Ropp also rechristened the performance, "The Pageant of the Masters."

The Festival of Arts and Pageant of the Masters were transient at first, moving around Laguna from one location to another between 1933 and 1940. In 1941, the City of Laguna Beach agreed to purchase the present six-acre Festival site from the Irvine Company with funds including monies "gifted" to the city by the Festival of Arts.

The Festival of Arts Fine Art Show is one of the longest-running art exhibitions in the state; it has exhibited artworks by hundreds of Southern California artists every year since 1932, except during World War II and the COVID-19 pandemic, when the Festival and Pageant were dark.

From its humble beginnings, the Festival of Arts has grown into a world-famous cultural institution, awarding hundreds of thousands of dollars in college scholarships and grants to art and cultural organizations. And yet the mission of the event remains the same: to promote, produce and sponsor events and activities that encourage the appreciation, study and performance of the arts. The juried fine art exhibition

is one means of fulfilling its mission – providing local artists with a venue where they can display and sell their art. Media include, but are not limited to, paintings, mixed-media, sculpture, pastels, drawings, serigraphs, photographs, ceramics, jewelry, fiber arts, etched and stained glass,

hand-crafted furniture, and even scrimshaw.

"The Festival of Arts is truly fortunate to count among its exhibitors some of the most talented artists in Orange County," says Festival of Arts president David Perry. "It's not only our mission but our privilege to provide them with a forum in which to share their creativity with hundreds of thousands of visitors each summer. And since their works are available for purchase, patrons have the opportunity to bring home amazing, original pieces to be enjoyed for a lifetime."

The spirit of the founders remains strong after 90 years, summed up by: "Excellence in art, entertainment and community support since 1932."

And John Hinchman's goal is realized year after year.

# Suburban Valley Conference-San Gabriel Valley League and Suburban League Merge to Form New Conference

By Loren Kopff  
@LorenKopff on Twitter

When the school year begins in August, there will be a slightly fresh look for the athletic programs of Gahr, La Mirada and Norwalk high schools, plus eight other schools. The six-member San Gabriel Valley League and the five schools of the Suburban League will merge to form the new Suburban Valley Conference.

The conference will be divided into two leagues believed to be called the Gateway League and Mid-Cities League. However, no confirmation on the name of the two leagues has been determined as of early June. In fact, when the master conference schedule was released, the 11 schools were placed in their respective leagues on a sport by sport basis based on CIF-Southern Section power rankings from the 2021-2022 school year and were placed in either the Upper League or Lower League. After the 2022-2023 school year, Norwalk co-athletic director David Snyder says ‘everything will be taken into account’ as to which leagues the 11 schools will be placed, again on a sport-by-sport basis.

Talks of the merger have been going on for the past two and a half to three years, according to Snyder, and stemmed from the departure of Artesia, Cerritos and John Glenn high schools when those

schools formed the 605 League at the beginning of the 2018-2019 school year. That left the Suburban League initially with four schools-Bellflower, La Mirada, Mayfair and Norwalk high schools. Later, Firebaugh High would join in some sports.

He said that the athletic directors of Bellflower and Mayfair began to contact the athletic directors of the SGVL before the pandemic shutdown in the spring of 2020 to discuss a possibility of a merger.

“My principal went to the first principal’s meeting, and it was during Covid; we met over at Warren High School,” said Snyder. “The principals were introduced to the idea of the conference and that’s when [Norwalk principal] Dr. [David] Olea had told me we were going to go another way.”

Snyder said he and former Norwalk principal Mike Garcia, who preceded Olea, had gone to the 605 League to discuss admittance because he thought Norwalk was invited into that league, which would make it a seven-member unit along with Oxford Academy, Pioneer High and Whitney High. However, the 605 League changed its mind and last year, a vote was taken via zoom through the Foothill Area, which is made up of seven CIF-SS leagues.

To avoid going directly into the SGVL, Snyder said Norwalk put a measure up that would have landed the school into the 605 League. However, the league was, as Snyder put it, ‘very effective’ into blocking the proposal, claiming that Norwalk was going to dominate the 605 League.

A vote was taken just like the one that was taken when the 605 League was formed and was put forth by California

High athletic director Armando Padilla. Once Norwalk was denied admittance to the 605 League, the vote for the two leagues to merge was passed almost unanimously. The two votes took place within minutes of each other.

“Everybody voted against us going into the 605 League, including our own schools and the San Gabriel Valley [League] schools,” said Snyder. “There are still a lot of hard feelings over that.”

Once the 605 League was formed, the SGVL and Suburban League began discussing a possible merger in the future. But in Norwalk’s case, according to Snyder, talks of merging the two leagues were discussed before talks of possibly joining the 605 League. He added that he just wants his kids to have a fair opportunity.

For Gahr to get somewhat out of the SGVL for football purposes is a blessing for co-athletic director and head football coach Greg Marshall. Since he arrived on the campus over two decades ago, he was wanted to leave the SGVL and join the Suburban League, citing his program can’t put up the numbers of the other SGVL teams. In fact, the football program went to freelance status from 2002-2005. Marshall took over the program in 2003.

“I feel like we’ve got a shot, because it’s not like a normal year for Gahr,” said Marshall. “We have ineligible players [and] we have kids that move. We can compete in the SGVL versus top teams like Downey and Warren...in normal years. We can compete in the SGVL if everything goes perfect, like when we have the top passer in the state or stuff like that.”

Since coming back to the SGVL from

freelance status, the program has had five winning league seasons, going to the playoffs four times and losing a tiebreaker on a coin flip the other season.

When the football season begins, the Upper League will consist of Dominguez High, Downey, La Mirada, Mayfair, Paramount High and Warren while the Lower League will field Bellflower, Firebaugh, Gahr, Lynwood High and Norwalk. Each year, teams could flip-flop leagues or stay where they are. For girls volleyball in the fall, the Upper League will have Downey, Gahr, Mayfair, Paramount and Warren, which have all been consistently dominant in their respective leagues. When the boys basketball season begins, Gahr will be in the Lower League, but that could be short-lived considering that the Gladiators have been historically a dominant program with very few sub-par seasons. Then when the 2023 spring season arrives, Gahr and La Mirada baseball will be new league rivals and play three times, scheduled for Mar. 28 at La Mirada, Mar. 30 at Gahr and Apr. 28 at La Mirada. Those two schools will also be in the Upper League for boys cross country and softball and will be Lower League rivals in girls basketball, boys soccer and wrestling.

“Gahr and La Mirada are probably the two best baseball schools in our old [leagues],” said Snyder. “So, they are in the upper [league] and I don’t see that ever changing.”

While Marshall likes the new conference, he said one problem comes from the CIF-SS because when the SGVL was around, you would get points, or rewarded for playing upper division schools and the other five SGVL schools are upper di-

**HOW TO PLAY:** First, read the list of words, then look at the puzzle. The words are found in all directions - vertically, horizontally, diagonally, backward. Circle each letter of a word found and strike it off the list. The letters are often used more than once so do not cross them out. It is best to find the big words first. When you find all the words listed in the clues you’ll have a number of letters left over that spell out the WONDERWORD. To see the answer use the link below the puzzle.

## 19 DEAD KIDS NOT ENOUGH FOR HOUSE REPUBLICANS

The House passed a bill on Thursday to nationalize red flag laws, which seek to keep guns away from individuals deemed a threat to themselves and others.

The legislation, dubbed the Federal Extreme Risk Protection Order, passed in a 224-202 vote. WHAT?

Five Republicans — Reps. Fred Upton (Mich.), Adam Kinzinger (Ill.), Anthony Gonzalez (Ohio), Brian Fitzpatrick (Pa.) and Chris Jacobs (N.Y.) — bucked the GOP in voting for the measure, and Democratic Rep. Jared Golden (Maine) broke from the party in opposing the bill.

Passage of the measure came one day after the House cleared a sweeping gun package that, among other provisions, called for raising the minimum age to purchase a semi-automatic weapon from 18 to 21 and banning civilian use of high-capacity magazine.

Both pieces of legislation were brought up in response to last month’s mass shootings in Buffalo, N.Y., and Uvalde, Texas.

The red flag bill — introduced by Rep. Lucy McBath (D-Ga.), whose son died by gun violence in 2012 — would authorize family members and law enforcement officers to petition U.S. district courts to issue federal extreme protection orders that would temporarily prohibit individuals from purchasing or possessing firearms.

McBath on Thursday pointed to her son Jordan’s death when pushing for the red flag bill. “We cannot be the only nation in the world where our children are torn apart on Tuesday and their deaths are gone from the news cycle by Wednesday,” McBath said on the House floor.

**LEAGUE** from page 10

vision schools. As a result, when the end of the year arrives, Gahr is rated higher than what it really is.

For Gahr boys basketball, up until the past several seasons, it has been in the higher CIF-SS divisions. For the first season of the Suburban Valley Conference, the Gladiators will be in the Lower League with Bellflower, Firebaugh, Lynwood, Norwalk and Warren.

“We’re going to be playing four schools that are below [Division] 3, I think,” said Marshall. “So, our division record for playoffs will drop. That’s the issue.”

The Norwalk programs that would benefit from the merger, according to Snyder, are football, baseball, boys and girls basketball and almost every other sport. However, he admitted one of the programs that may not benefit from the merger immediately will be boys soccer, which has been one of the elite programs in the Suburban League for at least the past 25 years. Now, the Lancers will be grouped in with the predominant powers from the SGVL-Downey, Lynwood, Paramount and Warren, schools that have enrollments of over 2,000. Since the 1998-1999 season, the Lancers boys soccer program has finished in the top three of the league 17 times, winning the league nine times. However, the program has defeated their new league rivals in the past, which should make for a competitive run for the top spot.

“A lot of Norwalk people; coaches [and] administrators, were against this merger,” said Snyder. “I’ve been for this merger from the very beginning because I saw it as a means to further certain programs that have been stuck playing Mayfair and La Mirada, specifically football, baseball and to a lesser extent, softball and our girls soccer team.

“So now, those teams have an opportunity to make the playoffs,” he continued. “And that’s going to help the teams gain momentum. People are going to see they’re making the playoffs, and then we’re going to get more girls that want to join [athletics], more boys that want to join [athletics].”

It’s slightly different at Gahr where most of the programs had been middle of the road programs, as Marshall says. The Gladiators were never at the bottom in their athletics. They would finish anywhere from second through fourth or fifth with a few league champions here and there. With that said, boys and girls basketball and boys and girls soccer would benefit from the merger, according to Marshall. That means the Gladiators would have a stronger chance of making the playoffs next season as opposed to if the merger never took place.

“This is the beauty of the conference; La Mirada wanted to go up because that’s who they are,” said Marshall. “Gahr baseball will never...even when we have the worst year, we will probably be okay with being in the bottom group.

Snyder wanted to add that with the merger coming in August, Norwalk had an unprecedented year as far as playoff appearances and he is looking forward to seeing the same in the upcoming years.

“I’m kind of excited about it and I’m excited for the kids,” he said. “Norwalk has all these beautiful facilities and we got to host a [softball playoff game]. I’m excited to see the kids’ faces and we have a lot of kids, parents and teachers showing up to our home playoff games. I look forward to seeing all that.”

herself when the item came up for discussion.

Questions into Johnson were not answered.

Johnson knew better too; her campaign materials bragged about her 20 years as a paralegal with the District Attorney and her years exposed to business and networking; she likely saw a recusal or two working as Supervisor Hahn’s representative.

If Mayor Vo read the budget and did not see Johnson recuse herself, he should’ve leaned forward and told Johnson to recuse herself.

Questions into Vo were not answered.

And if the City Attorney did not see Johnson recuse or Vo asking her to recuse, he should’ve leaned forward and said, “Councilwoman, you need to recuse yourself.”

With all the legal firepower and the experience of 24-year politician Bruce Barrows and businessman Naresh Solanki, Johnson was allowed to ask questions for ten minutes before Mayor Vo interrupted and called a "ten-minute recess" that lasted nearly 30 minutes.

When the City Council and City Attorney emerged, everyone took their seat and the City Attorney spoke first saying, “as you know Ms. Johnson works for the Sheriff’s Station she must recuse herself.”

Mayor Vo asked Johnson to leave the room; Johnson moved her chair, walked around the dias, and left the council chambers, but the damage had been done.

The Political Reform Act and Fair Political Practices Commission Government Code Section Section 1090 “prohibits a councilperson from participating in making government contracts in which the official or employee within the agency has a financial interest.”

“Making” a contract includes final approval of the agreement, as well as involvement in preliminary discussion, planning, negotiation, and solicitation of bids.

An official can have a “financial interest” in a contract in a variety of ways and it is not limited by the amount of the interest or how closely connected the official’s interest is to the contract.

“Violations of Section 1090 can result in the voiding of contracts, criminal, civil, and administrative penalties, as well as a ban on holding public office.”

**Section 1090 of the Political Reform Act**

Government Code Section 1090 prohibits an officer, employee, or agency from participating in making government contracts in which the official or employee within the agency has a financial interest.

Section 1090 applies to virtually all state and local officers, employees, and multimember bodies, whether elected or appointed, at both the state and local level.

“Making” a contract includes final approval of the agreement, as well as involvement in preliminary discussion, planning, negotiation, and solicitation of bids.

A broad range of agreements are considered a contract under Section 1090.

Generally, there is a contract when an offer is made and accepted and there is something of value bargained for and exchanged by each party.

This includes written contracts, purchase of goods or services, employment agreements, leases, development agreements, etc.

An official can have a “financial interest” in a contract in a variety of ways and it is not limited by the amount of the interest or how closely connected the official’s interest is to the contract.

Several exceptions to Section 1090’s general prohibition also exist and, when applicable, officials may be considered to have no financial interest or a “remote” financial interest, so that a contract, or the official’s participation in the contracting process, is not prohibited under Section 1090.

**Violations of Section 1090 can result in the voiding of contracts, criminal, civil, and administrative penalties, as well as a ban on holding public office.**

The FPPC issues advice letters and opinions to persons subject to Section 1090 and enforces the provisions of Section 1090 through administrative and civil actions. More information about the advice letter process is available at the FPPC’s Formal Advice webpage. To file a complaint alleging a violation of Section 1090, go to the FPPC’s File a Complaint webpage.

More ballots remain to be counted. Todd Rogers will win but Croft is only ahead of Laura Sanchez-Ramirez by 208 votes; and Chase is ahead of Veronica Lucio by 24 votes.

Updates are expected at least every Tuesday and Friday at 4 p.m. until the County finalizes the vote count, which is expected by July 1. Residents in newly created Districts 1, 2 and 5 are electing council members based on the June 7, 2022 election. In 2024, voters in Districts 3 and 4 will elect new council members. **Bladder Botox for Overactive Bladder**

**Karyn Eilber, MD**

Bladder Botox is the same Botox used cosmetically—it's a botulinum toxin that is used to "relax" the bladder muscle much like it relaxes (paralyzes) facial muscles for wrinkles. Bladder Botox can be used to treat an overactive bladder. When people have this health condition, their bladder muscle is involuntarily contracting/spasming so they can get uncontrollable urges to urinate and even have incontinence. Bladder Botox can be life-changing. Although many people can control their overactive bladder with behavioral changes such as avoiding excessive fluid intake or excessive caffeine, some people need overactive bladder medication. And despite these measures, many people seek out treatments

such as bladder Botox. There are even treatments similar to acupuncture or a "bladder pacemaker" to control the nerves in the bladder. Though bladder Botox can be very beneficial at treating an overactive bladder, the main risk of bladder Botox is that it works too well and someone can temporarily have difficulty urinating or even inability to urinate, but fortunately, this occurs in a very small percentage of people and it also doesn't occur suddenly as Botox effects have a gradual onset. The other consideration is that Botox is not permanent and usually requires treatment every five to six months. Karyn Eilber, MD, is a board-certified urologist with sub-specialty board certification in Female Pelvic Medicine and Reconstructive Surgery and has over 20 years of experience taking care of women's most intimate needs. She is an Associate Professor of Urology and Obstetrics & Gynecology at Cedars-Sinai Medical Center and is the Associate Program Director for the Cedars-Sinai Urology Residency Training Program.

districtelections. Linda Sánchez won her congressional seat by a large margin; Long Beach Mayor Robert Garcia is in a runoff with R-John Briscoe for the 42nd congressional district. State Senator Bob Archuleta (D-Pico Rivera) will be in a runoff with R-Mitch Clemmons, the vote was 21,058 to 19,758 for Clemmons. Speaker Anthony Rendon (D-Lakewood) won handily with over 60% of the vote; ABCUSD President Soo Yoo will be serving two masters; one as a school board member and the other as a candidate for 67th Assembly. Yoo will be in a runoff with Sharon Quirk-Silva, the seat is in OC and LA counties; Silva and Yoo received 14,000 and 12,000 votes in the OC; 2,600 and 2,300 in LA, respectively.

The penalties for conspiracy to commit voter fraud can be quite heavy, Compton's Isaac Galvan and his four friends were charged by the Los Angeles County District Attorney and face heavy penalties and possible jail time. Emails to Mendoza were responded with. "I am going to sue you, filing a class-action lawsuit."

**Catalytic Converter Etching Event in Artesia**

**By Tammye McDuff**

Catalytic converter theft is one of the fastest rising crimes in California. The City of Artesia is partnering with the LA County Sheriff's Department to offer a free Catalytic Converter Etching Event for Artesia residents. The event will be held at Artesia Park located at 18750 Clarkdale Avenue on Friday June 17 and will be held from 9:00 am to 1:00 pm. HMG-CN has attended several of these events and the etching is highly recommended.

As vehicles drive through the parking area, vehicles will be checked to see if there has ever been a stolen converter installed. Sheriff's will then etch a number onto the catalytic converter. Some law enforcement departments are suggesting that vehicles install a CAT cage.

This is not required by law, but it does help to divert any thief from trying to remove the catalytic converter. The cage is metal wrap that goes onto each converter and is then attached to the vehicle.

Cars Automotive & Muffler specializes in installing Custom Catalytic Cages, building custom made security with quality for all types of vehicles. Their custom made rebar cages are made of solid metal rebar welded to the vehicle. They have installed more than 500 systems on Toyota Prius, Honda elements, Honda Accord, Toyota Tacoma's, Ford and Isuzu Trucks. The full installment takes about two hours. Since 1978 Cars Automotive & Muffler has served the ongoing needs of drivers throughout the South Bay. They have ASE-Certified technicians that know how to handle catalytic converter replacements on a wide range of vehicles.

This event is offered at no cost to Artesia residents and business. Attendees must present an ID and vehicle registration at the event. For more information and to make a reservation contact Artesia City Hall at 562-865-6262 to pre-register your vehicle.

# Cerritos Honors 1st CEB Marine

**MERITORIOUS MARINE:** Cpl. Aaron Hawkins with his wife Cheyenne.

Cerritos honored Meritorious Marine, Corporal Aaron J. Hawkins, from Camp Pendleton this past Saturday. Cerritos "Adopted" the Marines and Sailors of the 1st Combat Engineer Battalion in 2007, hosting Meritorious Marines every month.

Corporal Aaron Hawkins and his wife Cheyenne spent the weekend in Cerritos with lodging and meals compliments of 1st CEB sponsors.

Aaron J. Hawkins was born on 25 December 1995 at Camp Lejeune, NC. After attending Arizona State University for 3 years, he was recruited into the Marine Corps in September of 2018. After completing recruit training at Marine Corps Recruit Depot, Parris Island, he was meritoriously promoted to Private First Class.

Corporal Hawkins has participated in multiple platoon, company, battalion, and Division-level exercises. During the

summer of 2021, Corporal Hawkins was selected to participate in a division-wide training exercise, assigned as part of the aggressor forces opposing the Marines who were completing mountain training in Bridgeport, CA. Over the course of the two-month training exercise, Corporal Hawkins hiked over 100 miles, leading his squad in mock attacks against the Marines in training.

As part of his normal duties with the Communications Platoon, Corporal Hawkins has been the responsible Non-Commissioned Officer (NCO) in charge of Tools, Publications, and Calibrations. Part of his duties includes the repair and/or disposal of broken equipment and the procurement of replacement items, ordering high-value equipment on a regular basis.

Under Corporal Hawkins' leadership, he and his fellow maintenance Marines prepared for and achieved a high score in a recent Field Supply and Maintenance Office inspection, scoring 98.7 out of 100, the highest score earned by any communication section out of the entirety of 1st Marine Division. Due to his outstanding performance in preparing for the inspection, maintaining the battalion's communications equipment, and disposing of non-repairable units, he was awarded a Naval Achievement Medal in July of 2021.

Corporal Aaron Hawkins has proven himself and has distinguished himself through his high standards, work ethic, and performance, in keeping with the highest traditions of the United States Marine Corps and the United States Naval Service

# Cerritos' Rosewood Park Improvements Approved

The Cerritos City Council has awarded a \$330,700 contract to Cinbad Industry, Inc. to perform playground improvements at Rosewood Park.

The Chatsworth-based company will remove existing playground equipment and install new rubberized surfacing along with new playground equipment. Existing sand surface material and a concrete walkway will be removed and the drinking fountain will be replaced.

The work, which will be partly funded by Community Development Block Grant funds, is expected to be completed in June.

# Legal and Illegal Fireworks Prohibited in Cerritos

As Independence Day approaches, residents are reminded that fireworks – including the "safe and sane" varieties sold in neighboring cities – are not allowed in Cerritos.

Cerritos Sheriff's deputies will strictly enforce the law, which has helped protect thousands of residents from injuries and property damage.

 NOTICE OF TRUSTEE'S SALE  
 NOTICE TO POTENTIAL BIDDERS: If you are considering bidding on this property lien, you should understand that there are risks involved in bidding at a trustee auction. You will be bidding on a lien, not on the property itself. Placing the highest bid at a trustee auction does not automatically entitle you to free and clear ownership of the property. You should also be aware that the lien being auctioned off may be a junior lien. If you are the highest bidder at the auction, you are or may be responsible for paying off all liens senior to the lien being auctioned off, before you can receive clear title to the property. You are encouraged to investigate the existence, priority, and size of outstanding liens that may exist on this property by contacting the county recorder's office or a title insurance company, either of which may charge you a fee for this information. If you consult either of these resources, you should be aware that the same lender may hold more than one mortgage or deed of trust on this property.  
 NOTICE TO PROPERTY OWNER: The sale date shown on this notice of sale may be postponed one or more times by the mortgagee, beneficiary, trustee, or a court, pursuant to Section 2924g of the California Civil Code. The law requires that information about trustee sale postponements be made available to you and to the public, as a courtesy to those not present at the sale. If you wish to learn whether your sale date has been postponed, and, if applicable, the rescheduled time and date for the sale of this property, you may call (866)-960-8299 or visit this Internet Web site https://www.altisource.com/loginpage.aspx using the file number assigned to this case 2017-01430-CA. Information about postponements that are very short in duration or that occur close in time to the scheduled sale may not immediately be reflected in the telephone information on the Internet Web site. The best way to verify postponement information is to attend the scheduled sale.  
 NOTICE OF TRUSTEE'S SALE  
 NOTICE TO TENANT: You may have a right to purchase this property after the trustee auction, if conducted after January 1, 2021, pursuant to Section 2924m of the California Civil Code. If you are an "eligible tenant buyer," you can purchase the property if you match the last and highest bid placed at the trustee auction. If you are an "eligible bidder," you may be able to purchase the property if you exceed the last and highest bid placed at the trustee auction. There are three steps to exercising this right of purchase. First, 48 hours after the date of the trustee sale, you can call (855)-976-3916, or visit this internet website https://tracker.auction.com/sb1079, using the file number assigned to this case 2017-01430-CA to find the date on which the trustee's sale was held, the amount of the last and highest bid, and the address of the trustee. Second, you must send a written notice of intent to place a bid so that the trustee receives it no more than 15 days after the trustee's sale. Third, you must submit a bid, by remitting the funds and affidavit described in Section 2924m(c) of the Civil Code, so that the trustee receives it no more than 45 days after the trustee's sale. If you think you may qualify as an "eligible tenant buyer" or "eligible bidder," you should consider contacting an attorney or appropriate real estate professional immediately for advice regarding this potential right to purchase.
