A threatening post on the app this week triggered a shooting investigation at Cerritos High School. All other High Schools in the area can be accessed using the app.

By Brian Hews

The Cerritos Sheriff's were forced to investigate a threat posted on an obscure new smart phone "app" this week at Cerritos High School that turned out to be a hoax.

At the time, Lieutenant Hernandez of the Cerritos Sheriff's station told HMG-CN that, "Deputies are at the scene working with school officials, that is all I can tell you, but the threat is being taken seriously I can tell you that."

When asked if phone records could be subpoenaed to find out who posted the threat, Hernandez said, "Our intelligence

team is working on that right now."

The threat was posted on a new smart phone app aimed at High School and College students called Ogle that is certain to draw the ire of parents, school staff and law enforcement.

It is, quite possibly, one of the most irresponsible apps ever created, allowing students to take cyber-bullying and posting of threats to a new level.

Ogle is a "campus feed" app. Students select the school they want to post on and post photos, videos and text. All students who downloaded the app at the selected school can then see the posts.

Downey's Columbia Memorial Space Center Hosts 2nd Annual STEM Festival

By Tammye McDuff

The first week of the 2nd Annual Columbia Memorial Space Center STEM festival was an exciting week of activities for both young and old. Ben Dickow, Executive Director for the space center addressed the crowd on Saturday. “This is truly my favorite week of the year, and this is my favorite day in my favorite week of the year because we get to have face time with you, who are our biggest supporters and the reason why we are here today.”

This is the only science festival in Los Angeles; therefore it is also the largest STEM festival in Southern California. Saturday April 2nd was the culmination of the first week of a month long celebration.

“We had a dinner for retired aerospace professionals, and our adults only pub science night at a bar in town,” commented Dickow, “we had a girls in STEM summit, a fantastic night of space music and that

was just the beginning!” Last year was the first year for the STEM festival which was such a success that the City decided to keep the fun going all month long.

Dickow wanted attendees to know this is about having a conversation, “Not only about science and math and rockets and stuff, but about the community and what we can do together.”

The city of Downey was not only the birthplace for creating the space ships that hurled men into space, but the center of one of the most creative and critical science centers in the nation.

The cities of Lakewood and Long Beach house ESTES Rockets and Cal Tech is the premier university studying biomedical engineering. Dickow noted, “And that is what this festival is all about. The mission of the space center is to ignite a community of critical and creative thinkers and I hope you are all inspired today,” he added, “I travel all around the country visiting science museums and it is a rare thing where a community has taken a real space center and created a wonderful learning opportunity.”

Downey Mayor Alex Saab explained how ten years ago Downey decided to honor its remarkable space history stating, “It represents more than just Downey, it represents science, it represents creativity and thinking big. And that’s what I want you to take away with you today, especially the

young people. We want you to think big!” Saab further posed a challenge for all those in attendance to think beyond the box and do what has never been done before. As a teacher Councilman Sean Ashton encouraged all the young minds to use their imagination adding, “When young minds start to think of what can be done, that is what will get us to Mars and to the next solar

system and the next galaxy.

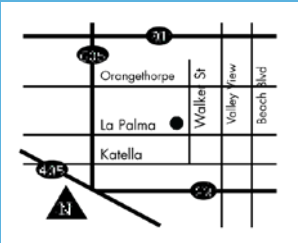

Congresswoman Lucille Roybal Allard expressed her sentiments that this was an enjoyable way for boys and girls to embrace science, technology, engineering and math. “What makes it even more special is that community centers like this one give our young people exposure to STEM in a way that is fun and hands on,” Allard add-

ed, “our young people are the future of this country and our country needs scientist, computer experts, engineers and mathematicians if we are going to keep our country the greatest in the world.”

Ray Wong, Representative of Senator Tony Mendoza and former teacher encouraged parents to share what they had learned with their children, adding the word of the day was ‘Science’.

Many local officials were present including the festivals most important sponsor Laurie Tyler and Financial Partners Credit Union and Assemblywoman Cristina Garcia who taught mathematics for 13 years.

There were a dozen different booths from Cerritos College Bio Chem. class to the LA Zoo to the Astronomers club with telescopes pointed toward the sun.

Dickow stated, “As I mentioned STEM will be a month long carnival of activities. The Downey library will present ‘The Martian’ as their feature book for April; there will be a special screening of ‘The Martian’ the movie at the space center, and the famous super awesome STEM enthusiast and TED speaker and illusionist Jason Latimer, the world champion magician, will fuse super stellar magic with science, to build and create the ‘Impossible Science Lab, the last week of April.”

Whitney High School Senior Receives \$40,000 Scholarship

By Tammy McDuff

Edison International, the parent company of Southern California Edison, congratulated a local Whitney High School senior with the 2016 Edison Scholars, winning a \$40,000 scholarship, one of 30 students recognized within Southern California.

Under the guise of a documentary being made about Whitney seniors, Kelton Hardrict, Jr. [KJ] learned of his award April 12, 2016. KJ was told that he was to participate as one of the students being interviewed, “This was the only way we could get his parents involved without letting them know about the award,” said Mr. Bryan Glonchak, Principal. Eric Bradley, SCE Engineer greeted KJ on stage saying, “As a fellow engineer, I am here to honor you as one of the 30 students to receive \$40,000.”

Each year, the \$1.2 million Edison Scholars Program awards \$40,000 scholarships paid over four years to 30 high school seniors who want to become engineers — electrical, mechanical, civil, computer, industrial, computer sciences/info system, environmental or environmental sciences and plan to pursue studies in science, technology, engineering or math, the STEM fields, full time at a four-year college or university.

Glonchak commented, “It is always amazing to celebrate, with our students who accomplish so much. All these years of hard work and dedication to the school

and their family result in things like this.”

KJ was selected out of 930 students who applied for the scholarship. His father, Kelton Hardrict, Sr. added, “We are so proud of KJ, he has acceptance letters from Cornell, Harvard, MIT and Yale. This is so amazing.” Glonchak added, “This is the first student in my 15 years at Whitney to receive this award.”

Since 2006, Edison International has awarded \$5.3 million in scholarships to 520 students in its service territory. Edison Scholars are also eligible to apply for summer internships at SCE after completing their second year of college.

Tammy Tumbling, Director of Community Investment and Philanthropy, stated, “Edison International is excited to be a part of the celebration today. This is the start of someone’s career. We see Kelton as part of our future work force. He is going away to college to focus on STEM as a study. We believe in investing in the community to create a pipeline from us to our customers and to our future.”

What stood out most in Keltons application were his grades, the fact that he is focusing on STEM and he had a very unique story to tell. “We listened to that need; his parents have worked very hard for him to attend Whitney High School,” said Tumbling, “we wanted to recognize him for his academic accomplishments, his involvement in his school and his unique story about his background.”

Edison International’s support of charitable causes such as the Edison Scholars Program is funded entirely by Edison International shareholders. SCE customers’ utility bill payments do not fund company donations. In addition, dependents of Edison International and SCE employees are not eligible for the Edison Scholars Program.

PROUDLY SERVING THE CITY OF CERRITOS

Cerritos Oral Surgery Holds Grand Opening

By Brian Hews

Cerritos Oral Surgery celebrated its grand opening at their offices located at the corner of Marquardt and Artesia this past week. Cerritos Mayor Ray, Mayor pro tem Solanki, Councilman Pulido, and other city officials were present at the event.

Dr. Dennis L. Gorospe owns the new office, but has been a DDS for almost 20 years.

Gorospe immigrated to the U.S. in 1977 when, as a 14 year-old boy, he joined his father and left the Philippines to find a better life in America. Gorospe remembers his plane flying into a “vast frozen land in the U.S.” where they landed and were processed.

Later arriving at SEA-TAC airport, Gorospe stayed in Seattle with his Aunt Evelyn and Uncle Honorio. One year later, his family moved to Venice, CA., living with his Uncle June in his 3 bedroom home.

Gorospe’s first job was at McDonalds in Venice working for \$2.50 per hour. “I learned the value of hard earned money,” Gorospe said, “and I bought my very first 10-Speed Bike, an AMF steel bike.”

Gorospe graduated from Venice High School and was accepted to UCLA, majoring in Biology. Mentored by Dr. Guido Zamphigi and Julio Vergara, Gorospe was accepted to the UCLA School of Dentistry.

One of the first lecture series was an

introduction to all the various specialties within dentistry. “I was fascinated with Oral Surgery because you surgically correct facial deformities, fix jaw fractures, and perform complex surgical procedures in the mouth and on the face.”

At school Gorospe met Dr. Harold Hargis, a dentist and Army Surgeon, selected by Dr. Hugo Obwegesser, the pioneer in orthognathic surgery.

Hargis was a fascinating person, starting his career in the U.S. Army at a time when there were very few African-American oral and maxillofacial surgeons. He was assigned to Switzerland to learn surgical techniques that were being developed at the time for repositioning jaw bones. Hargis volunteered his time to teach residents and dental students.

The two doctors were instrumental in

encouraging Gorospe to enter the field of Oral and Maxillofacial Surgery.

After 19 1/2 years Gorospe took over Dr. Brian Cooper’s Oral Surgery practice in 1996 located in Cerritos, with the recent relocation to 13738 Artesia Blvd. in Cerritos.

Dr. Gorospe told HMG-CN, “Whenever I stop by McDonald’s and I see a teenager behind the counter, I give a lot of respect for these hard working individuals. Who knows, they may be the next lawyers, doctors, engineers, congressman, or even president of our great nation. They may or may not know it, but they are laying the ground work to build on their own dream.”

Dr. Gorospe and his wife Frances have two sons, Gerardo and Gabriel.

Seven Bellflower Unified Campuses Named California Gold Ribbon Schools

BELLFLOWER – Seven Bellflower Unified schools were named California Gold Ribbon Schools on Wednesday for customizing instruction for struggling students in English language arts and math, creating a support system for home-schooled students and improving student culture through a discipline system that reinforces positive behavior.

The winning campuses are Albert Baxter, Frank E. Woodruff, Ramona, Thomas Jefferson and Washington elementary schools, the Intensive Learning Center and Las Flores Home Education Independent Study Academy.

“These awards are a great statement about the commitment of our teachers to student success,” Superintendent Dr. Brian Jacobs said. “In every case, the honors reflect our collaborative teaching culture, the use of data to drive student improvement and our ability to structure our instructional program for maximum effectiveness.”

The Gold Ribbon is California’s highest academic award, created in 2015 as a substitute to the Distinguished School Program to celebrate schools for model programs during rollout of the new California Standards. The program started with middle and high schools last year. This year, it recognized 772 elementary schools.

Schools applied for the Gold Ribbon program in November 2015. Applications were reviewed in January and site visits conducted through March. Regional award ceremonies will be held in May.

Bellflower Unified Winning Programs

Albert Baxter Elementary: The 500-student school operates a tiered, collaborative teaching system that uses data to drive instruction, academic support and intervention. Baxter customizes instruction to student needs, targeting intervention for struggling students and offering a deeper level of knowledge for high achievers. Interim assessments and classroom data show significant improvements over state test scores.

Frank E. Woodruff Elementary: The 599-student school’s Response to Intervention program uses a data-driven model to provide small-group instruction for struggling English language arts learners. The effort sculpts instruction to each student’s specific needs. The collaborative team has grown to include all teachers. Local assessments show the system is boosting proficiency levels.

Intensive Learning Center: The 623-student school’s discipline program, Positive Behavioral Interventions and Supports (PBIS), applies positive reinforcement of good behavior and tiered interventions as needed. The program immediately began reducing office referrals and improved student culture.

Las Flores Home Education Independent Study Academy: A hybrid program to support homeschooling families of 175 students, Las Flores customizes instruction in core classes twice a week based not on age or grade level, but on student need. Because the school’s model is rare, data is culled from classroom assessments and significant teacher collaboration is to key to ensuring coordination between courses.

Ramona Elementary: The 645-student school runs a schoolwide, tiered, collaborative teaching system – including the Response to Intervention program – that uses data to drive improvements in performance in English language arts. The effort is coupled with use of the PBIS discipline system. Local assessments show

significant improvement for students, with English learners especially making strides.

Thomas Jefferson Elementary: The 607-student school strives to close the achievement gap for students who struggle with reading, often English learners who have had inconsistent schooling. Students receive special instruction 30 minutes a day, five days a week. The program – driven by data gleaned from local tests and teacher collaboration – has led to significant improvements in student performance.

Washington Elementary: Teachers at the 732-student school collaborate intensively to ensure students receive effective instruction in English language arts and math. Teachers review data from local assessments, craft common lesson plans and determinate appropriate interventions for students. So far, the effort is improving student scores and helping identify learning disabilities.

St. Irenaeus' 52nd Fiesta Olympiad June 24-26

By Edna Ethington

The 52nd Annual Fiesta Olympiad will be held at St. Irenaeus Parish in Cypress on June 24th, 25th, and 26th 2016. According to Co-Chairs of the Fiesta Committee, Christine and George Welsch, plans for the 2016 Fiesta at St. Irenaeus are going forward thanks to the offers of help from St. Irenaeus' Knights of Columbus, Girls Scouts, parishioners, and other volunteers. About 24 people, including members of the Fiesta Committee and other volunteers, gathered at the Adult Education Building at St. Irenaeus on April 9th to

prepare to send information about the Fiesta to over 4,000 families in the parish. A letter from St. Irenaeus' Pastor, Fr. Patrick Moses, and a book of raffle tickets was prepared for sending to all St. Irenaeus parish families. In the letter, Fr. Patrick invited everyone to come together as a community at the Fiesta and participate in the games, carnival rides, food booths, Bingo games, raffle prizes, and silent auctions while enjoying listening to music and other entertainment. Since the Fiesta is also a big fundraising event to support the many financial needs and ministries of the parish, Fr. Patrick asked parishioners for their support and involvement by buying or selling a book of raffle tickets, helping with the planning and operation of the Fiesta, and by planning to attend the annual cel-

APP

Shockingly, app users on Ogle are completely anonymous so there is no way to find out who is using the app.

After downloading, Ogle obtains your location and allows you look up a school in your area. But in reality the app lists all the schools enrolled throughout the U.S., so someone from Florida can post on any high school in California and vice-versa.

A user selects the school and can immediately start writing posts, commenting on posts, or posting pictures and videos.

If a school is not listed, a student can press on the top right corner and send a request to Ogle for inclusion.

HMG-CN downloaded the app and found over 100 high schools listed in the area, including all in the ABCUSD, the Norwalk/La Mirada School District, and the Bellflower USD.

Several private high schools were listed, including Mater Dei, Servite, St. John

Bosco, and Whittier Christian.

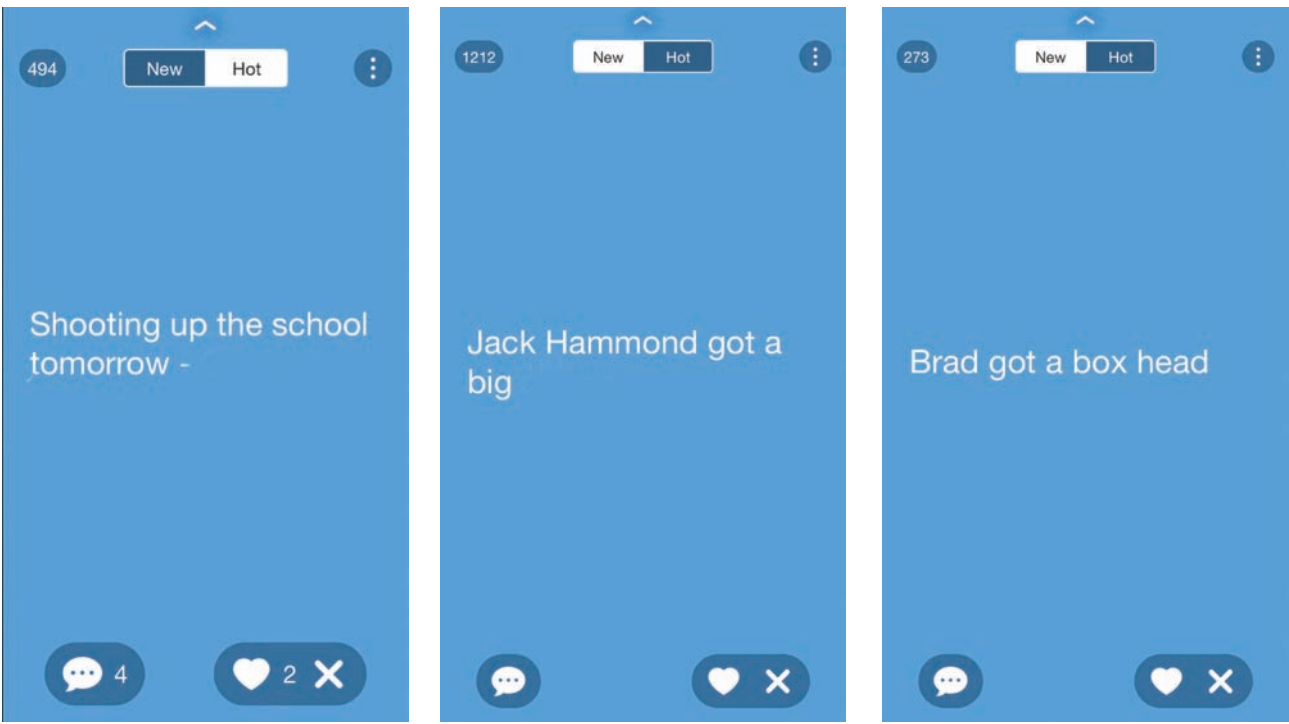

The Palo Alto based company’s website says the goal of Ogle is to “connect to your campus in a fun, creative way as you go about your day.”

But that is not what students are using the app for.

Some of the posts look more like Facebook comments but a large majority are extremely offensive, bashing LGBT people, calling out girls as “sluts,” anything one would expect a high school student who can post anonymously would write.

A look at the Cerritos High School page showed posts of, “Thoughts on the new football guy”, “Send nudes” and “Online bullies are the worst!”

And most disturbingly, the message posted on the Cerritos High Ogle this week, obtained by HMG-CN said, “Shooting up the school tomorrow,” which triggered the investigation by Cerritos Sheriff’s.

Three screenshots of posts on OGLE from Cerritos, Gahr and La Mirada High Schools. Some of the content was taken out due to the graphic nature. HMG-CN downloaded the app and found that most posts on the app are of graphic nature. Worse, anyone can post on any school listed on the app anonymously. "This is going to cause many issues," said Cerritos Sheriff's Lieutenant Hernandez.

Schools will be scrambling to stop students from using the school’s public Wi-Fi to write and comment on posts on Ogle even though students could easily use their own phone carrier signal to post.

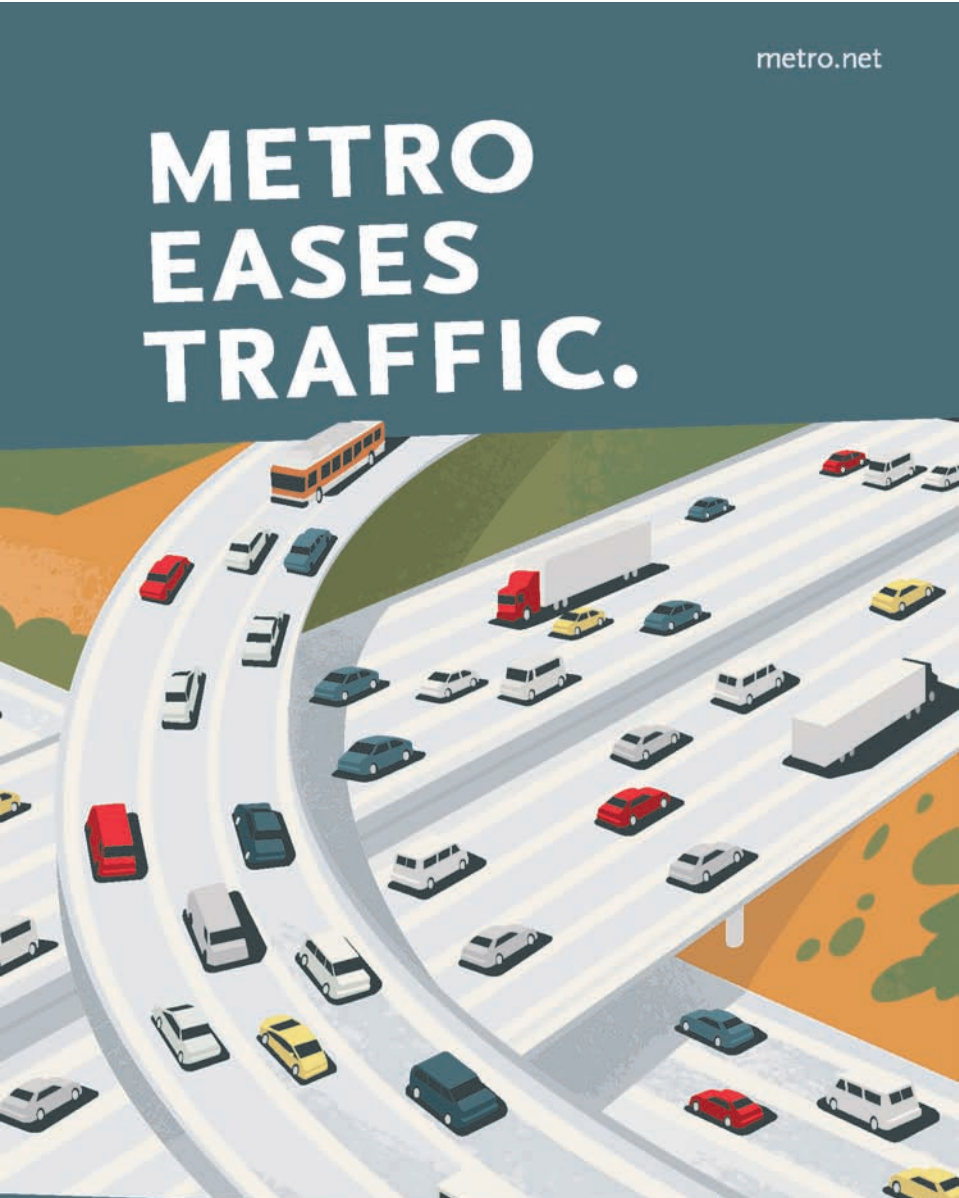

“It will be causing future issues in schools for law enforcement that is for sure,” Hernandez said.

State Senator Tony Mendoza (D-Artesia) told HMG-CN, “As the parent of a daughter who attends Gahr High School, I am very concerned that the OGLE App can be used by students to post anonymous messages targeted at students, school staff or a school site that are inappropriate or threatening. There are laws against this type of activity. I support the efforts of school officials and local authorities to work with Nuistar, the creators of the App, to monitor, find and prosecute anyone who uses it in an illegal manner.”

SUBURBAN LEAGUE BASEBALL

RODRIGUEZ HANDLES MAYFAIR AS CERRITOS STAYS IN UPPER HALF OF SUBURBAN LEAGUE

By Loren Kopff
@LorenKopff on Twitter

LAKEWOOD-Jamriel Rodriguez has been in the United States for seven months but already he is making a huge impact for the Cerritos High baseball team as it pursues a coveted playoff berth. The native of Carolina, Puerto Rico, just southeast of the capital San Juan, was completely masterful against Mayfair High this past Monday.

Rodriguez went the distance, scattering four hits and striking out five as the Dons pulled away late for a 6-1 victory. The game was a makeup from three days earlier but the delay didn't seem to get to Rodriguez at all. He threw 99 pitches and

pitched his second complete game of the season while improving to 5-2.

"Before I go to pitch, I try to stay relaxed and enjoy the game," Rodriguez said. "I try to get routine [ground] ball plays and do what only I know how to do."

"We decided if Jammer can get us a sweep, it's well worth it," said Cerritos assistant coach Brooks Walling. "We're going to have to take one game at a time now. We needed the win, definitely. That puts us at 4-0 [in league] and Mayfair 0-4 and backs them up. Basically seven wins gets you in the playoffs in this league and we need three to go. We know that."

Cerritos, which had gotten a complete game, three-hit shutout from senior Kyle Suezaki on Apr. 6 against the Monsoons, improved to 11-7 overall and 4-0 in league at that time. It's the best league start for the Dons since joining the circuit in 1999. Previously, the best Suburban League beginning was in 2005 when the Dons won their first two league games.

Cerritos gave Rodriguez all the run support he needed very early with a pair of runs in the top of the first inning. With one out, senior center fielder Tyler Beyer beat out a chopper in front of Mayfair's shortstop and was safe on an infield hit. That was followed by a base hit to center from junior catcher Brett Wells. After a strikeout, Beyer stole home and moments later, a single from freshman first baseman Bernardo DeLeon plated Wells.

"That was huge," Walling said. "Beyer hit a chopper and he can flat out fly; we know that. Wells clutched up with a 0-2 base hit. Beyer was running and [Mayfair]

vacated and it snuck through. Jumping out 2-0 was huge."

Rodriguez was getting help from his defense in the first two innings with a pair of double plays and through the first two frames, he had thrown just 15 pitches. But after striking out his counterpart, Landon Anderson, to begin the third, he issued back to back walks to Kenny Luna and Matt Gutierrez. At the same time, the Mayfair players were heckling Rodriguez from the dugout, but that didn't seem to faze the Puerto Rican.

Even though he gave up an unearned run when A.J. Quezada was safe on a two-out error, Rodriguez struck out Jesse Brooks to end further damage, then allowed only one Monsoon to reach third base the remainder of the game.

"He's hard to rattle and coming here on a Monday, on the road with a big mound he's not used to, it took him three to four innings to settle in," Walling said. "The 15 pitches in the first two innings are because of the two double plays. He had good stuff today."

"In that situation, I never hear that," Rodriguez said. "In that situation, I have something in my mechanics and I try to stay comfortable. [The noises] don't matter. I just keep throwing strikes."

Cerritos added an insurance run in the fifth when senior right fielder Jason Prieto-Burnham singled to right and advanced on an error. Junior shortstop Trevor McInerney also singled to right to put runners at the corners before Beyer was safe on Mayfair's second miscue, allowing Prieto-Burnham to score.

Prieto-Burnham then delivered the big

blow in the next inning when he laced a two-out, bases loaded double down the right field line on a full count. He would go two for three with those three runs batted in while DeLeon and McInerney each had a pair of hits.

But the story of the game was Rodriguez, who has been the so-called Friday pitcher through the first two weeks of league play. Against Artesia High on Mar. 24, he gave up only one hit in a 12-2 win. But because of the rainout last Friday, Rodriguez has three innings left in today's home game against La Mirada High. California Interscholastic Federation rules state that a baseball pitcher shall not pitch more than 10 innings a week. The Matadores blasted the Dons 12-0 this past Wednesday in a battle of undefeated league foes.

"He's a frontline pitcher; he's one of the best guys in the area," Walling said. "In order to do that, you have to battle and fight through that. Mayfair is rough. It's like a new La Mirada over here, it feels like. Tough dugout, they're obnoxious and he kept his composure."

Even with his parents back in Puerto Rico, they're still able to see Rodriguez pitch as his aunt, Irma Beyer, who is Tyler Beyer's birth mom, is showing them his performance on the mound via Skype.

"I just put my faith in [God] and I just try to keep working every day," Rodriguez said. "When the coach gives me the ball, it's a new opportunity. It's a new opportunity to do what I know. That's it."

"It's very weird because this is my first year here [with] new guys and a new league," Rodriguez continued. "I just keep working and don't say anything."

Cerritos will take a break from league action and travel to Royal High on Wednesday before travelling to Bellflower High on Apr. 27

NEWS AND NOTES FROM PRESS ROW
NORWALK SOFTBALL UNABLE TO RECOVER FROM ONE BAD INNING

By Loren Kopff
@LorenKopff on Twitter

LAKEWOOD-Norwalk High sophomore pitcher Breanna Vasquez threw six innings of no-hit ball against Mayfair High and allowed just three runners over that span this past Wednesday. Unfortunately, those six innings came after the Monsoons scored three runs in the bottom of the first and held on for a 3-1 win.

On the first pitch from Vasquez, Eryka Springer beat out an infield chopper sent

to senior shortstop Kathleen Perez. After Kara Spoolstra moved her over to second on a sacrifice, Springer came home on Sarah Parten's double to the center field fence. Two pitches later, Ashlee Snyder homered just past where Parten's double went and the hosts had themselves a 3-0 lead.

While Vasquez would retire 17 of the next 20 batters she faced, Norwalk's offense couldn't generate much against Makenna Stram. The Lady Lancers got a two-out double from senior left fielder Briana Lopez in the top of the first and two-out singles from junior first baseman Ashley Ponce in the second and junior third baseman Samantha Navarrete in the third.

But in the fourth, senior center fielder Serena Nicolas took a 1-2 pitch from Stram and deposited it over the centerfield fence for her second home run of the season. After that, Norwalk would get two runners on base, both coming from senior catcher Samantha Ontiveros. She would reach on an error after the Nicolas home run and she would get hit by a Stram pitch in the fifth.

Norwalk dropped to 6-7 overall and 2-1 in the Suburban League as the two teams will meet today at Norwalk. The Lady Lancers will then visit John Glenn High on Wednesday in the front end of a home and home series with their city rivals.

In other softball news, Artesia High hosts Bellflower High today before visiting Suburban League-leading La Mirada

High on Wednesday. The Pioneers began this week with a 4-2 overall mark and 1-1 in league action.

Cerritos High continued to go in the opposite direction after getting trounced by Mayfair 10-0 this past Monday in a makeup game from last Friday and 11-1 by La Mirada this past Wednesday. The two-time defending league champs have lost eight in a row and stand at 4-11-1, 1-4 as they host La Mirada today. Cerritos will also host Gahr High on Wednesday.

After being swept by La Mirada during the first full week of April, John Glenn was on its bye but still faced Valley Christian High and posted a 3-0 victory this past Tuesday. The Lady Eagles (8-9) will resume league play on Wednesday against Norwalk. V.C. dropped to 2-13 and hosted Heritage Christian High before travelling to Village Christian High on Tuesday. The Lady Crusaders will then be home to Maranatha High on Thursday.

Whitney High lost a heartbreaking 4-3 decision to Oxford Academy in 10 innings this past Wednesday in the Academy League opener. The loss comes on the heels of a 5-4 setback to Cabrillo High as the Lady Wildcats are now 5-7 overall. Freshman pitcher Taylor Genera needs five more strikeouts to set the school record in that category for a freshman and is also closing in on the all-time single season school record of 114 strikeouts set by Jennifer Lukacs in 1999. Genera had 95 strikeouts following the loss against Ox-

SAN GABRIEL VALLEY LEAGUE SOFTBALL

MARTINEZ GAINING MORE CONFIDENCE, HELPS GAHR EDGE WARREN

By Loren Kopff
@LorenKopff on Twitter

As a freshman last season, Gahr High softball pitcher Danielle Martinez was given the surprise start against Warren High on the road in the San Gabriel Valley League opener. She worked just three innings, allowing five hits, three runs while striking out two and walking one batter as the Lady Gladiators fell to the Bears 5-3.

One year later Martinez has built up more confidence to go toe to toe with the toughest competition and it paid off this past Tuesday. Martinez struck out nine and scattered just four hits and freshman third baseman Paloma Usquiano scored on a wild pitch with the bases loaded as Gahr edged Warren 3-2 in the bottom of the eighth inning. It was just another tough battle between the two-time co-defending league champions, which comes as no surprise to anyone.

“That’s just a tough team and they’re always going to fight,” said Gahr head coach Shawn Quarles. “They’re always going to rise to the occasion. It’s one of those things where we just have to do our best and hopefully we come out on top. I’m glad we kept it close enough to play good enough defense to where we came out in the end.”

Gahr has won two straight one-run affairs at home against the Bears and in the last six meetings, including a La Mirada Tournament game last season, the victor has won by either one or two runs.

Usquiano led off the eighth with a base hit to right field on the first pitch from Nina Garcia. After a four-pitch walk to

sophomore designated player Karrington Houshmandzadeh, Garcia hit sophomore shortstop Dejanae Davis to load the bases. Three pitches after that, Garcia threw wildly and Usquiano easily came home to improve Gahr’s mark to 12-4-1 overall and 2-0 in the circuit.

But the majority of the game belonged to Martinez, who picked up her eighth win of the season. After working a perfect top of the first, she gave up an unearned run in the second which tied the game at 1-1. But after Melena Gebur reached on an error which would have gotten Martinez out of danger, she retired 10 straight, striking out five in the process.

“I was just really confident in our ability today,” Martinez said. “I did have a different mindset from last year. It was a lot where I just wanted to come back and prove myself. So I think that was good.

“It was just an error, so in my head, I’m just thinking I have to do what I have to do,” she later added “I have to get my spots. But I just really trust my defense.”

While Martinez was stifling the Warren bats through the first five innings, the Lady Gladiators were maintaining a precarious 2-1 lead with opportunities to add to that. In the first, Davis scored on a two-out, bases loaded walk issued to senior center fielder Alyssa Cuffia. The second ranked team in the California Interscholastic Federation-Southern Section Division III top 10 poll, though, would leave the bases loaded.

Gahr would break the 1-1 tie in the third, again with two outs. Freshman left fielder Jasmine Hill doubled just inside third base and after fouling off three balls

with a full count, Cuffia singled to the right field gap to bring in Hill. In her four at-bats in the game, Cuffia saw 22 pitches and reached base three times.

“Cuffia is one of those girls who just wants to fight,” Quarles said. “Even if she’s not on top of her game as far as hitting, she’s going to do everything she can to try and get that ‘W’. There’s no one else I want in a tough situation because she’s going to grind it out and do whatever she can to make that thing happen.”

Unfortunately for Gahr, it couldn’t generate much of an offensive attack after that. The hosts would strand at least one runner on base in every inning and from the second inning to the seventh, were zero for five with runners in scoring position. In the end, Gahr would leave 13 runners on base and out of the seven hits Gahr had, Davis and Hill each had two of them.

“That’s one thing we definitely lacked; was timely hitting,” Quarles said. “We just didn’t get timely hits from some of the players that we depend on for those timely at-bats. We really have to work on that. We really have to work on putting the ball in play, especially when there are runners on base.”

Gahr was nearing a victory until Brooklyn Sepulveda launched a towering home run over the centerfield fence on a 1-2 count with one out in the seventh. Martinez then gave up a single to Jocelyn Hernandez before getting Kailyn Lorberter to groundout on a sacrifice and striking out Gebur. Martinez threw 14 pitches in a perfect eighth, striking out a pair around a flyout to Karly Colenzo.

“It was really a tough situation,” Martinez said. “I was really confident because I had gotten [Sepulveda] the last two at-bats she had. I just gave it up on that one.”

“We’re working on her confidence because she’s young,” Quarles said. “We’re working on things being able to roll off her back a little bit. She kind of held on to giving up that home run a little bit too long. But she plays on a high level travel ball team; she gets in good work. So, just the development over the whole year I think has got her in position to where she can now put on a better competitive front against guys like [Warren].”

This was only the third time in the past 40 meetings with Warren that the game has gone to extra innings and since 1998, Gahr has won nine of the 19 games at home against the Bears. The Lady Gladiators, who had crushed Lynwood High 17-0 the previous day on a combined no-hitter from Martinez and freshman Hannah Kumiyama, visited Paramount High on Apr. 14. Gahr will then host Downey High on Tuesday before travelling to the other side of town to face Cerritos High on Wednesday. Gahr will round out the week with a road game at Dominguez High on Thursday.

“We’re doing well,” Quarles said. “Like I said, I think we can hit better than what we just did. But again, I do think we’re on a roll because we’re winning. I don’t want to be too negative about things. When we win, it’s kind of hard to be negative. I don’t want to mess up that karma.”

LIBRARY
Continued from page 1

When complete, the 10,850 square foot Artesia Library is expected to achieve top environmental sustainability standard with leadership in energy and environmental design certification. Artesia Library also will feature adult and children's reading area, a teen area, homework center, two group study rooms, early childhood and family place programming area, a laptop vending machine, 12 public access computers, two early childhood computer learning stations, a Friends of the

Library book sale room, a 'new materials marketplace', digital signage, express service self checkout stations and a 100 seat community meeting room with an audio-visual system and kitchenette. IBI Group is the architectural firm designing the new library and the Los Angeles county Community Development commission is handling the project management.

"Every community deserves a high quality public library," said Patrick," every community needs a space where people can connect, explore and create. Through Operation Libraries, Knabe is providing these spaces."

Mayor Victor Manalo acknowledged, "This is a team effort. I hope that Supervisor Knabe never grows tired of the many 'Thank You's' for this project. Since being on the Council since 2007, we have had to make some difficult decisions. For someone to come to us with \$12 million dollars, saying 'I want to build a library' was not one of them!" Manalo continued to congratulate the vision and inspiration of Knabe and his Operation Libraries, adding, "this will be a beautiful structure and public facility."

Michele Diaz, President of the Friends of Artesia Library thanked the many people that are vital to the Artesia Library, "Our library is extremely busy for its size and we are looking forward to a new building, where we will be able to accommodate more patrons." Diaz recognized the Artesia Library staff, Friends of Artesia Library members and the community who attend events and purchase tickets for opportunity drawings, noting, "We would not be able to raise money for the library without the support of the community."

Megan Ramos, 8th grader and Student Body President of Our Lady of Fatima School led the Pledge of Allegiance.

CITY OF NORWALK
NOTICE OF PUBLIC HEARING
REPORT PREPARED IN CONNECTION WITH THE LEVY OF THE ANNUAL
SEWER SERVICE CHARGES FOR FISCAL YEAR 2016/17

Date: May 3, 2016
Time: 6:00 p.m. or as soon thereafter as the matter may be heard
Place: City Council Chambers, Norwalk City Hall, 12700 Norwalk Boulevard, Norwalk, CA 90650

Description: The City Council will conduct a public hearing regarding the report prepared in connection with the levy of the annual sewer service charges. The City of Norwalk annually levies sewer service charges pursuant to Chapter 13.14 of the Norwalk Municipal Code. The City collects the sewer service charges on the tax roll in the same manner, by the same persons, and at the same time as, together with and not separately from, the general taxes of the City. The sewer service charges are levied to pay for the operation and maintenance of the City’s sewer system, including capital replacement costs.

The City Council has caused a written report to be prepared and filed in the office of the City Clerk regarding the City’s sewer service charges for Fiscal Year 2016/17. Such report contains a description of each parcel of real property receiving sewer services furnished by the City and the amount of the charges for each parcel for Fiscal Year 2016/17 computed in conformity with the charges prescribed in the proposed ordinance. The report is available for public inspection in Room 10 at the address noted above.

At the public hearing, the City Council will hear and consider all objections or protests to the report. If protests are filed and not withdrawn by the owners of a majority of the properties subject to the sewer service charges, the City Council still may order the charges to be collected, but the charges shall not be collected on the tax roll for fiscal year 2016/17. In such case, the City Council will consider the adoption of a resolution at a subsequent City Council meeting providing for an alternative method of collection.

Public Comment: All interested persons are invited to attend the public hearing and express opinions about the proposed levy of the sewer service charges for Fiscal Year 2016/17 and the report. Written comments may be submitted to the City Council prior to the time set for the hearing. Address written comments: Attention: City Clerk at the address noted above or by email to clerk@norwalkca.gov.

More Information: Questions concerning the public hearing matter should be directed to the Public Services Department at (562) 929-5511.

Accessibility: In compliance with the Americans with Disabilities Act, if you need special assistance to participate in a City meeting or other services offered by this City, please contact the City Clerk’s Office at (562) 929-5720. Notification at least 48 hours prior to the meeting or time when services are needed will assist the City staff in assuring that reasonable arrangements can be made to provide accessibility to the meeting or service. Assisted hearing devices will be available at this hearing without prior notification.

Dated this 15th day of April 2016.

SUPERVISOR KNABE CELEBRATES NATIONAL LIBRARY WEEK

By Tammye McDuff

National Library Week is observed April 10-16, each year. The 2016 theme is "Libraries Transform."

First sponsored in 1958, National Library Week is a national observance sponsored by the American Library Association [ALA] and libraries across the country. It is a time to celebrate the contributions of our libraries and promote library use and support.

The Public Information Office of the American Library Association coordinates the promotion, placing articles in national media. Librarians, Friends and trustees of libraries join in sponsoring local promotions.

LA County Supervisor Don Knabe has taken specific interest in updating and renovating many of the libraries within his district. The Clifton M. Brakensiek Library in Bellflower was host to Knabe on Wednesday, April 13th as a special guest reading to children.

Last year Knabe announced that he would be spending \$45 million on upgrading county libraries. In the last three years, libraries within his district have had more than 8 million people pass through their doors, and over 9 million books, videos and other library materials checked out.

Los Angeles Supervisor Don Knabe reads ‘Bark, George!’ by author Jules Feiffer.
