

NOISE STUDY SHOWS
HIGH DECIBEL READINGS
ALONG BLOOMFIELD

One area registered 97 decibels, with all others averaging 85 decibels in a 24-hour period.

BY BRIAN HEWS

A report by Acoustics Group, Inc., the firm hired by the city of Cerritos to monitor and study truck noise on Bloomfield, logged some extremely alarming numbers during the initial monitoring, with some hours of the day hitting over 93 decibels.

The consulting firm was hired after a group of citizens pressured the city into the study and will be an integral part of the upcoming December 12 Council meeting which will consider changing the truck routes in Cerritos.

The truck noise problem can be traced to the closures in and around the 5 free-way forcing trucks traveling westbound on the 91 freeway to exit on Carmenita, driving north on Carmenita to Alondra.

Trucks going eastbound are forced to exit on Bloomfield, turning north to Alondra.

According to residents the trucks are heading to several facilities on the Cerritos-Norwalk border off of Alondra including UPS and a former Vons distribution center.

Residents who live along Carmenita between Artesia and Alondra and in Granada Park near Bloomfield and Alondra got fed up with the noise and vibration and wrote HMG-LCCN demanding something be done about the traffic.

The combination of efforts from HMG-LCCN and residents produced the discussions and study to look at changing the situation along Bloomfield.

The City is now looking at two options, based on the study.

The first is the development and implementation of a City ordinance to re-route and/or restrict truck traffic along Bloomfield Avenue.

The ordinance would restrict the traveling of trucks on Bloomfield Avenue to certain hours only.

The feasibility of rerouting trucks from Bloomfield Avenue to alternate routes is also being evaluated.

The second option was the development of sound abatement strategies along Bloomfield Avenue to reduce the noise impact of trucks. As part of these possible sound abatement measures, the City will

Rep. Linda Sanchez
Holds ‘Coffee In
Hawaiian Gardens’

According to attendees, the City did nothing for Sanchez while holding a drinking party the night before for their Sister City Mayor.

BY BRIAN HEWS

Over 150 people attended long-time Congresswoman Linda Sanchez’ (D) Coffee with the Congresswoman on Saturday Oct. 5, held inside the patio area at Hawaiian Gardens City Hall.

Rep. Sanchez served as Vice Chair of the House Democratic Caucus in the 115th Congress (2017-2019), the fifth-highest ranking position in House Democratic Leadership; she was the first Latina elected to a leadership position in the U.S. Congress

But apparently that was not enough for Mayor Myra Maravilla and other officials at Hawaiian Gardens who, according to several attendees “did nothing” to welcome the Congresswoman.

“It was great talking to Linda,” said one attendee, “she went from table to table talking with residents, but I was embarrassed of the treatment she received from the City.”

Heading into retirement brings a slew of new topics to grapple with, and one of the most maddening may be Medicare. Figuring out when to enroll and which parts to enroll in can be daunting even for the savviest retirees. There's Part A, Part B, Part C, Part D, medigap plans, Medicare Advantage plans and so on. To help you wade into the waters of the numerous complicated federal health insurance plans that Medicare offers retirement-age Americans, HMG sat down with Denise Anderson, an agent for J. Johnston Insurance and MakeMedicareWork.com for some essential things you must know about Medicare.

Put simply Medicare is divided into parts. Part A, which pays for hospital services, is free if either you or your spouse paid into Medicare payroll taxes for at least ten years and Part B covers doctor visits and outpatient services, and it comes with a monthly price tag. Once you turn 65 you must be enrolled in one of these.

Then there is Medicare Advantage plans, considered Medicare Part C, which is a form of private health insurance that provide the same coverage as Medicare Part A and Part B and may include additional benefits such as dental, vision and prescription drug coverage.

Finally there is Part D, which covers prescription drug costs and has a monthly charge that varies depending on which plan you choose. In addition to premium costs, you'll also be subject to co-payments, de-

ductibles and other out-of-pocket costs.

As of 2019, more than 20 million people are enrolled in Medicare plans. What most don't know is once you turn 65 you must be enrolled in either Part A or Part B. If you are not, and would like to wait, then you will be hit with a penalty for every month that you are not enrolled.

If you are enrolling for the first time, you may be able to join a plan during your initial enrollment period, which occurs around your 65th birthday or around your 24th month of disability, if you are under 65 and eligible for Medicare.

According to Anderson there are roughly 50 different combinations of Medicare that a person can choose. There are of course variations of the plan, if you have an HMO or a PPO – but these choices are quite confusing and if you do

OVERNIGHT PARKING LAWS RELAXED FOR HOLIDAYS

Out-of-town guests visiting family and friends in Cerritos for the Thanksgiving holiday are welcome to park overnight on Cerritos streets without a permit during the City's annual holiday parking moratorium. No parking permit will be required from Saturday, November 23 through Monday, December 2.

A holiday parking moratorium will also be in effect from Saturday, December 14 through Monday, January 6 for the Christmas and New Year's Day holidays.

Permits are normally required to park on City streets between 3 and 5 a.m. to help keep streets clear and allow residents and deputies to quickly spot suspicious vehicles. Overnight parking permit renewals will take place beginning in mid-November.

For more information, call the Community Safety Division at (562) 916-1266.

not enroll at 65 years of age, and decide to collect your Social Security at 66, you can be penalized there as well.

"There is an Annual Election Period which begins October 15th and runs until December 7th every year," says Anderson, "There are also Special Enrollment Periods that may let you join a plan outside of the main enrollment periods, depending on your circumstances."

Lakewood Regional Hospital is holding two Medicare Information Seminars this year: Wednesday, November 6th at 6:00 pm and Saturday, November 9th at 10:00 am.

For more information contact Denise Anderson at 562.795.9201 or visit Lakewood Regional Hospital at 3700 E South St, Lakewood.

LA MIRADA VETERAN CELEBRATES 100TH BIRTHDAY

HONORED: Daughter-in-law Carol Emmerling (left) and Barbara Winkler wrap a Quilt of Valor around Joseph Emmerling who recently celebrated his 100th Birthday. A WWII veteran, Emmerling moved to California in 1946 to reside with his new wife, homesteading in La Mirada in 1959.

BY TAMMYE MCDUFF

Born in Pittsburgh, Pennsylvania, Joseph Francis Emmerling came into this world October 1919 and was awarded a handcrafted quilt by Quilts of Valor, October 14, 2019.

As Quilts of Valor President Barbara Winkler wrapped the beautiful handmade quilt designed with the eight pointed star, she addressed Emmerling stating, “We consider it a privilege to honor you. Although we may never know the extent of your sacrifice and service to defend the United States of America, as an expression of gratitude, we award you this Quilt of Valor.”

Emmerling was a Staff Sergeant for

the Army from June 1941 to January 1946 during WWII. Following the attack on Pearl Harbor, Emmerling was deployed to California December 8, 1941, receiving his orders to deploy to Europe in 1944, serving in France and Germany. He was in route to Japan when it was announced by Hirohito on August 15th that Imperial Japan surrendered bringing the hostilities of World War II to a formal end September 2, 1945. However Emmerling served in the Army of Occupation, remaining in Japan through December 1945.

Emmerling moved back to California in 1946 to reside with his new wife, homesteading in La Mirada in 1959.

Harbor Regional Center lead a ‘Fall Transition Event’ Thursday, October 17th at their Long Beach facility. This event was specifically organized for youth with developmental disabilities such as Autism, intellectual disabilities, Cerebral Palsy, and Epilepsy in order to help them plan for life after high school. Over 25 organizations were featured offering options available to these young people during their teenage years and into young adulthood including work assistance, furthering their education, living independently and finding quality adult day activity sites.

October is also National Bullying Awareness Month, and HRC featured the “Boo2Bullying” agency, dedicated

to traveling nationwide in order to equip clients, students, and families with tools and strategies to counteract bullying attempts.

President and Founder of Boo2Bullying Dimitri Halkidis says that the organization seeks to eradicate bullying, intolerance and discrimination, “we are here to educate children, teachers and parents about what bullying actually is and where it comes from. Our organization is all about accepting diversity and giving young people and older folks as well, the tools to connect with in order to have a positive impact on others.”

Two of the larger school districts LBUSD and LAUSD were represented as well as DRC, Disability Rights California. DRC is a nonprofit agency and is the largest disability rights group in the nation. Last year they assisted 25,000 people with disabilities helping with litigation, policy work, training and advocacy. “We try to be as honest as we can be with our clients,” says one representative, “we discuss their limitations, what they are trying to accomplish and possible outcomes.” DRC is dedicated to allowing the client to be actively involved in the process, “We do what the client wants, and not what others think is best.”

HRC provides support, information and opportunities to those with disabilities, whether it is finding therapy providers for new parents of disabled children or assisting young adults learning to live independently, “Our goal is to provide our clients with information and to provide them with multiple means of communication about their choices,” says Bjoern Petersen, Client Services Manager of HRC Children’s

West Central Division, “we are partners in lifelong support.”

In 1965, the California Legislature determined that the best way to provide community-based services to citizens with developmental disabilities and their families was through partnerships with local private sector organizations. A small group of legislators, parents and professionals came together to challenge the state over its treatment of people with mental and physical disabilities, working to give them a better quality of life.

“What parents and guardians need to know – is that everything is going to be okay,” said Petersen, “whatever the outcome, whatever the diagnosis, they are not alone. Regardless of the disability or its severity we are here for them. They can live fulfilling lives.”

LENOIR LIFTS ARTESIA TO 605 LEAGUE-OPENING VICTORY, SENDS CERRITOS TO SIXTH STRAIGHT LOSS

BY LOREN KOPFF
@LORENKOPFF ON TWITTER

It hasn't been the season that Artesia High head coach Don Olmstead was looking for, despite losing its two biggest offensive playmakers from 2018. But as every coach from every sport will tell you, it's all about league play.

Seven non-league games are in the books and as the defending 605 League champions prepared to host Cerritos High

last Friday night at Atkins Stadium, Olmstead had little to say to his team about what lies ahead the final three weeks of the regular season.

"I don't say a lot to them before the game because I feel if I talk a lot, they overanalyze stuff," Olmstead said. "And I just wanted them to play. But that was the main [thing]. We are the defending league champions. Everybody is 0-0 now. Our 2-5 record coming into league means nothing."

ARTESIA HIGH junior running back Kyeyou Lenoir escapes the grasp of Cerritos High junior safety Andrew Ramos as he scores one of his three touchdowns in last Friday's 605 League opener. Lenoir gained 189 yards on 13 carries as Artesia posted a 47-21 victory. PHOTO BY ARMANDO VARGAS, Contributing photographer.

Almost four minutes into the second quarter, Artesia junior running back Kyeyou Lenoir scored from 14 yards out to give the Pioneers the lead for good in a 47-21 victory. Lenoir, who found the endzone towards the end of the first quarter, scored his third and final touchdown with 4:38 remaining in the first half.

Artesia got the scoring going with 8:02 left in the first quarter as senior quarterback Tyler Kemp went in from a yard out. But the Dons, who also had a 2-5 mark entering the contest, responded to tie the game almost three minutes later. Senior wide receiver David Huh hauled in a 21 pass from senior quarterback Nick Lightell, ending an eight-play drive that was aided by a pair of pass interference calls on the hosts.

Lenoir put the Pioneers back in front with an 80-yard run three plays into the ensuing drive before Lightell found junior Moises Vargas for a 49-yard connection early into the second quarter, tying the contest. But Lenoir ended a drive in which he touched the ball four straight times for 55 yards. From that point on, it would be all Artesia.

"That's great, if you can sustain it," said Cerritos head coach Barry Thomas of the early portion of the game. "We need to be able to do that."

Lenoir picked up 161 yards on seven carries in the first half with the three scores and added another 28 yards on half a dozen carries in the second half.

"Kyeyou's good," Olmstead said. "He's athletic; he's a really good football player. He didn't play last year, so we're catching him up to speed. That's why we're kind of giving him one side of the ball, to learn it, and now we're starting to sprinkle him on offense. But he's exciting to watch and next week, [sophomore] Tyler [Miller] should be back. So now, it might give us a little bit better dynamic on offense."

While Cerritos punted on three straight second quarter drives after tying the game, the Pioneers continued to add to their lead. After Lenoir's go-ahead touchdown, he scored on a seven-yard run with 4:38 remaining in the half and when they got the ball back, Kemp scored from 12 yards out as Artesia was up 34-13 at the break.

"We kind of changed some things up, then we stopped executing," Thomas said. "Knowing what to do and doing it are two different things. We need to stay within it mentally. Physically, I think we're fine, but I think mentally...we stop doing what we're supposed to do mentally. That was the issue."

Artesia punted on its first possession of the second half and the Dons were held on downs before Kemp threw a 12-yard touchdown pass to senior wide receiver Kelly Thornton late in the third quarter. It ended a 10-play, 31-yard drive that took almost four minutes, the longest drive by the Pioneers.

The fourth quarter began with backup quarterback, sophomore K'Len Williams, scoring on a 14-yard run three minutes into the final stanza. Then, the Dons ended the game's scoring when sophomore quarterback David Sagun, also a backup, scored on a one-yard sneak with 2:47 remaining in the game.

Besides Lenoir and Kemp, who completed five of 10 passes for 67 yards and added another 37 yards on 10 carries, ju-

GIRLS VOLLEYBALL PLAYOFFS UNDERWAY WHILE PLAYOFF SPOTS, LEAGUE TITLES UP FOR GRABS IN FOOTBALL

BY LOREN KOPFF
@LORENKOPFF ON TWITTER

The CIF-Southern Section girls volleyball playoffs began on Oct. 24 with four area teams competing, three of whom are in Division 4. And of those three teams, two of them faced each other in a first round match.

San Gabriel Valley League champion Gahr High hosted its Artesia Blvd. neighbors, Valley Christian High, the second place team from the Olympic League. This was the fourth time since 2011 these programs have faced each other on the court, the last two times coming in the postseason. Two seasons ago, V.C. earned a Division 4 first round sweep while in 2014, it knocked off the Lady Gladiators in four sets in a Division 2 AA first-round match.

The other two times the programs met came in 2011 with Gahr winning in five sets in the second round of the Molten Classic at the beginning of the season. Later in the season, V.C. picked up a two-set sweep in a pool play match in the Marlborough Tournament.

Gahr ended the 2019 regular season at 18-4 overall and a perfect 10-0 mark in league play. It's the second straight season the Lady Gladiators have won 18 matches and is also the best record for Gahr since 1998 when that team went 17-5. That was also the last time Gahr did not lose a league match.

The Lady Gladiators, who began the season at 2-2, have not lost since being swept by Cerritos High in the first round of the Bellflower-Valley Christian Tournament playoffs on Sept. 21. Since then, the team has won nine straight matches. In addition, Gahr has played in one five-set match the entire season.

The Lady Defenders, who went 20-8 overall and 6-2 in the Olympic League, are ranked sixth in the division. Unlike Gahr, the Lady Defenders have gone the distance four times this season, all coming within the final five matches. Highlights of V.C.'s season have been going 5-1 in the Bellflower-Valley Christian Tournament and winning the final two sets in both of its five-set wins against Whittier Christian High.

The lone two league losses came to defending Division 3 champion Vil-lage Christian High, including a five-set setback on Oct. 8 and the last time the

team has lost a non-tournament, non-league match was on Aug. 27 against St. Anthony High.

Awaiting the winner of this match will be either Los Altos High or Westridge High on Saturday with the quarterfinals being played on Wednesday. If V.C. defeats Gahr, it will host Saturday's match. If Gahr prevails, it will be on the road.

Elsewhere in Division 4 action, 605 League champion Cerritos High, which had a stellar 24-5 regular season including 10 sweeps in league play, was home to Santa Barbara High. Cerritos is the fourth ranked team in the division and has won 20 of its last 21 matches with the lone setback coming to V.C. in pool play action of the Bellflower-Valley Christian Tournament.

The Lady Dons are 22-2 in sweeps but have won a five-set match once in three attempts. In fact, Cerritos has given up 20 points only once in its last 24 sets and nine times in its last 32 sets.

Santa Barbara finished in third place in the Channel League and provided there's not an upset, the Lady Dons will face the survivor of the La Serna High-Whittier Christian High match on Saturday. Cerritos would be home to La Serna High or travel to Whittier Christian.

In Division 6 action, Whitney High wrapped up the regular season at 17-7 overall and 8-2 in the 605 League. The Lady Wildcats are ranked 10th in the division and hosted Bell Gardens High, the second place representative from the Almont League. Whitney posted its best regular season since 2000 when that team finished at 17-5 and advanced to the quarterfinals. This is the sixth time since 1998 that a Lady Wildcats team has reached double digits in victories.

Whitney has played in all but two sweeps, falling to Mary Star of the Sea High in four sets on Sept. 5 and defeating Santiago High in three sets in pool play action of the Garden Grove Tournament on Oct. 12. A Whitney win would put the Lady Wildcats into Saturday's second round match against seventh ranked Valley View High, which would be at home, or Firebaugh High, which would be a road match.

FOOTBALL

John Glenn High (4-4, 1-0) @ Artesia High (3-5, 1-0)-This might decide who wins the 605 League even though

there is still one more game to be played next Friday. Artesia had a relatively easy 47-21 win against Cerritos last Friday in which junior running back Kyeyou Lenoir scored all three of his touchdowns in the first half. The 47 points are currently a season-high, but the Pioneers have scored at least 21 points four times. The win over Cerritos also snapped a three-game losing streak.

Glenn is coming off a come from behind 30-26 victory against Pioneer High in which the Titans led 20-8 after the first quarter and 26-22 entering the fourth quarter. The Eagles are paced by junior quarterback Matthew Huxtable, who has 1,368 yards and 12 touchdowns prior to the Pioneer game and senior running backs Robert Coates and Edwin Udengwu, both of whom have combined for over 1,000 yards on the ground and over 600 receiving yards.

Last season, Artesia defeated Glenn 42-28 in the first ever 605 League game as Udengwu scored four touchdowns. It was Glenn's homecoming game, but the game was delayed due to lightning and had to be completed the following Monday. Glenn finished in second place in the league.

Cerritos (2-6, 0-1) @ Pioneer High (4-4, 0-1)-Cerritos fell for the sixth straight time last Friday but scored over 20 points for the first time since Sept. 20 and fifth overall. Both these teams are nearly equal in points scored and points allowed. While the Dons have put 194 points on the board and yielded 280, the Titans have scored 192 points and have allowed 272 points, including at least 30 points in their last four games. Cerritos has given up at least 45 points

four times. The loser of this game will be officially eliminated from playoff contention while the winner must win its final game to have a slim chance of postseason life.

Warren High (5-3, 2-1) @ Gahr (3-5, 1-2)-Gahr snapped a five-game losing streak and kept their playoff hopes alive after knocking off Lynwood High 31-13 last Friday night. The Gladiators set a season high in points scored while allowing their fewest points since defeating Bellflower High 17-7 on Aug. 30.

The Bears lost to Paramount High 45-20 last Friday night and have averaged over 30 points a game, something that doesn't bode too well for Gahr. During their five-game losing streak, the Gladiators have given up at least 28 points in each of those losses. Gahr would be eliminated from playoff contention with a loss to Warren.

Mayfair High (3-5, 0-1) @ Norwalk High (3-5, 0-1)-Norwalk is still looking for its first Suburban League win since the league was trimmed to four teams. It doesn't get easier following a 28-13 loss to Bellflower High last Friday night. The Lancers have now yielded at least 20 points in three straight games and five out of the eight games. Through the first six games this season, the Lancers have attempted eight passes, completing three of them for 32 yards. During that same stretch, senior running back Sergio Martinez is leading the team with 757 yards on the ground and five touchdowns. Senior Daniel Onopa and junior Milton Roman Jr. also provide some helpful yardage as part of the team's double-wing offense.

The Monsoons fell to La Mirada High 14-13 last Friday night and have alternated wins and losses the past four games. Two of Mayfair's losses have been by 11 points each while two others have been one possession games. The loser of this game will be eliminated from playoff contention.

nior running back Corey McKinley picked up 72 yards on 11 rushes as the Pioneers churned up 348 yards on the ground. Add Miller, who has been out for a few games, and Artesia seems to be primed for the remainder of the season as well as the future.

“Those are four guys who didn’t play a lot last year,” Olmstead said. “Corey played a little bit after the 10-week mark because he was ineligible. He’s a changed kid. And Kyeyou didn’t play at all and Tyler [Kemp] didn’t play at all. So, you have three kids who had never played football, really, and they’re three key spots.”

Defensively, senior cornerback Jakeem Steger led the Pioneers with five tackles

while Thornton and junior outside linebacker Andrew Cecil each had four tackles. The 21 points were the fewest Artesia had allowed since falling 8-0 to El Dorado High on Sept. 27 and represent the third fewest yielded this season.

For Cerritos, Lightell completed 12 of 26 for 171 yards with Huh catching five passes for 82 yards and Vargas another four for 51 yards. The ground game was nearly non-existent as Cerritos picked up 98 yards on 28 carries. However, 83 of those came late in the third quarter and into the fourth.

“I feel like Nick’s a warrior,” Thomas said. “He’s doing what he needed to do, but unless all the other guys are executing, it doesn’t matter. He can’t shoulder every-

thing and do everything by himself. But, if everybody is pulling in the right direction, we have success.”

Senior Sam Agregado led the Dons with five tackles while junior safeties Joseph Quibrantar and Pablo Vega and Sagun all added four tackles. Cerritos has now given up at least 40 points in four straight games.

Cerritos, which wraps up its road portion of the schedule at Pioneer High tonight, while the Pioneers stay home to welcome John Glenn High in a meeting of the two league playoff representatives last season.

“Every game is for the league title,” Olmstead said. “We have three of them. If you win two, you’re in [the playoffs]. If

you win three, you’re league champs. The kids know that; we preach that all the time, and if you can’t get up for a league game, just quit football. This is what you’ve been practicing for since spring. This is what you’ve worked all summer for. This is why we condition, so you play both ways when we get to weeks eight, nine and 10.”

“We’re not going to be league champs, but we can be co-league champs,” Thomas told his team following the loss. “Every day you wake up and draw a breath, there’s a positive. Week in and week out, if we do what we’re supposed to do and execute, everybody pulls in the right direction, we’re pretty freaking good. But when it doesn’t happen, you see what happens.”

WHITNEY HIGH HOLDS COLLEGE FAIR

BY TAMMYE MCDUFF

Hundreds of students attended the annual ABCUSD College Fair this past October 19 inside the gymnasium of Whitney High School.

Counselors from Whitney, Artesia, Cerritos and Gahr High Schools held classes on filling out admission papers, financial requirements and helping students choose the best college for them.

Sasha Leonardo, Coordinator of Career and Technical Education began this event eight years ago, “I was a counselor at Whitney High School and I saw the

necessity for a college fair. We have a high percentage of graduates that go on to further their education whether they stay local at a Community college or travel abroad. It is vital for these kids to have a clear decision that will guide the rest of their lives.”

ABCUSD Communications Officer Scott Smith, who has a child graduating soon said, “It was exciting to see the energy and involvement of students and families, it was a great feeling of community and I was able to pick up information for my own child as they prepare for the future.”

Meanwhile, the driver of the gray sedan was also injured and transported to an unspecified hospital in unknown condition.

Los Angeles County Sheriff officials will be investigating the collision which is currently under review to determine which motorist caused the crash.

NOISE

explore the possibility of the complete rehabilitation of this segment of Bloomfield Avenue.

Acoustics Group performed 24-hour noise measurements in four different locations, logging the noise level every second then processing the measurements into hourly intervals.

The study also counted the number of trucks passing the locations

The study then categorized the minimum and maximum decibel measurements and averaged the measurements for each hour.

When measuring noise levels with a sound level meter, the intensity of noise in units called decibels (dB). A logarithmic scale is used, using 10 as the base, rather than a linear scale, this scale is called the decibel scale.

The study found “high heavy truck traffic noise levels continuing into the nighttime period, 2 AM with 111 heavy trucks at 2 AM and 192 heavy trucks at 2 PM.”

And in what is sure to anger residents the Acoustics stated in an email, “additionally, the heavy trucks appear to be traveling faster at 2 AM because there is less congestion. When the trucks drive over the discontinuous low point in the pavement at a higher rate of speed, the truck chassis shakes more violently and causes a higher sound level compared to the 2 PM hour.”

In looking at the numbers, three zones along Bloomfield averaged 84 decibels throughout the 24-hour period, with the other zone averaging 80.

But the zone averaging the lowest decibels recorded the highest sound level at 1 PM, hitting nearly 100 decibels.

The other zones hit 94 decibels at 9 AM, 91 at 9AM, 95 at 9 PM, and 97 at 1 PM.

Surprisingly, Acoustics did not perform a vibration study.

City staff is preparing a report about the various options to mitigate truck traffic noise on Bloomfield Avenue for the Cerritos City Council’s consideration at the upcoming Dec. 12 City Council meeting.

Hugo Mejia Zepeda, Municipal President of Venustiano Carranza, the night before at City Hall, which the Mayor and most Councilmembers attended.

And according to two high-ranking local officials, Maravilla was visibly hungover, and Jesse Alvarado, who attended the Zepeda event the night before, did not attend.

Serving alcohol on City property is apparently allowed if the City has the correct insurance, but given what sources told HMG-LCCN, “some people were way over-served alcohol.”

Emails and texts to Maravilla asking for confirmation went unreturned.

COFFEE

Residents and other attendees told HMG-LCCN that the City did not provide staff members to arrange the furniture and/or address any issues, did not provide a dais for Congresswoman Sanchez to speak from, and did not provide a continental style breakfast.

Rep. Sanchez and her staff brought coffee and donuts to the event.

But the City had time to throw a huge party for the Mayor of its Sister City,
